[Complete Geography for Cambridge IGCSE Student Book and Online Token Book](#) Oxford University Press - Children
Written by examiners to match the latest Cambridge syllabus for first examination in 2016, this comprehensive resource is packed with relevant international case studies on subjects that resonate with students.
Cambridge University Press
The Success International series offers a practical approach to language learning and support. Success International English Skills for Cambridge IGCSE Student's Book offers complete preparation for the Cambridge IGCSE® in English as a Second Language. The series has been fully updated in line with the

revised syllabus updates, including a new colourful text design, making the course appealing and exciting. The Student's Book provides stimulating topics, international perspectives and relevant examples to encourage students to explore and improve their use of English. The series supports students both in the classroom and in individual study. Answers to both the Student's Book and the Workbook are available in the Teacher's Book.

Cambridge IGCSE® English as a Second Language Exam Preparation and Practice with Audio CDs (2) HarperCollins UK

An examination of how language functions in CLIL, based on a corpus of classroom interactions. Drawing on their wide experience as CLIL educators and researchers, the authors explore data collected in real CLIL classrooms from two interrelated perspectives: the CLIL classroom as an

interactional context for developing language and content, and the genres and registers through which the meanings of the different academic subjects are enacted. From the analysis of this corpus of data, the authors provide a rich description of how CLIL students' language works and may be expected to develop. Also available separately as a paperback.
Cambridge IGCSE English as a second language + CD
Hodder Murray

This book supports students preparing for Cambridge International Examinations IGCSE English as a Second Language (0510 / 0511 / 0991). The full-colour exam preparation and practice book contains four guided practice tests, audio and video to build confidence ready for the revised exam from 2019. It takes an active learning approach with a test-teach-test methodology. This

encourages students to think about how they are developing language skills, helping them progress. Full sample answers with examiner comments and grades are included to help students understand what is required in the writing and speaking exams. This is part of the Cambridge IGCSE ESL toolbox of resources - the widest choice of resources for this qualification.

International GCSE Geography for Oxford International AQA Examinations Collins

Learning to Teach Geography in the Secondary School has become the widely recommended textbook for student and new teachers of geography. It helps you acquire a deeper understanding of the role, purpose and potential of geography within the secondary curriculum, and provides the practical skills needed to design, teach and evaluate stimulating and challenging

lessons. It is grounded in the notion of social justice and the idea that all students are entitled to a high quality geography education. The very practical dimension provides you with support structures through which you can begin to develop your own philosophy of teaching, and debate key questions about the nature and purpose of the subject in school. Fully revised and updated in light of extensive changes to the curriculum, as well as to initial teacher education, the new edition considers the current debates around what we mean by geographical knowledge, and what's involved in studying at Masters level. Key chapters explore the fundamentals of teaching and learning geography: Why we teach and

what to teach
Understanding and planning the curriculum
Effective pedagogy
Assessment
Developing and using resources
Fieldwork and outdoor learning
Values in school geography
Professional development
Intended as a core textbook and written with university and school-based initial teacher education in mind,
Learning to Teach Geography in the Secondary school is essential reading for all those who aspire to become effective, reflective teachers. Praise for previous editions of Learning to Teach Geography in the Secondary School...
'This is a practical and visionary book, as well as being superbly optimistic. It has as much to offer

the experienced teacher as the novice and could be used to reinvigorate geography departments everywhere. Practical activities and ideas are set within a carefully worked out, authoritative, conceptual framework.' - The Times Educational Supplement 'This is a modern, powerful, relevant and comprehensive work...a standard reference for many beginning teachers on geography initial teacher training courses.'
- Educational Review
GCSE 9-1 Geography AQA Exam Practice: Grades 7-9
Routledge
