of the U.S. military as it recruits American youth into the armed forces. Long-time antiwar activist Pat Elder exposes the underworld of American military recruiting in this explosive and consequential book. The book describes how recruiters manage to convince youth to enlist. It details a sophisticated psy-ops campaign directed at children. Elder describes how the military encourages first-person shooter games and places firearms into the hands of thousands using the schools, its JROTC programs, and the Civilian

Marksmanship Program to inculcate youth with a reverence for guns. Previously unpublished investigative work reveals how indoor shooting ranges in schools are threatening the health of children and school staff through exposure to lead particulate matter. The book provides a kind of "what's coming next manual" for European peacemakers as they also confront a rising tide of militarism. The book examines the disturbing, nurturing role of the Catholic Church in recruiting youth. It surveys the

wholesale military censorship of Hollywood films, pervasive military testing in the high schools, and an explosion of military programs directed toward youth. For more information, visit: [www.counter-recruit.org](http://www.counter-recruit.org)

No one else understands what it's like. Her brother, alive but gone; his brother, dead but everywhere. Soon, they're meeting in secret, despite knowing that both families would be

But when a new secret comes out about the murder, Brooke has to choose whose pain she 's willing to live with—her family 's or Heath 's. Because she can 't heal one without hurting the other.

The Blue Castle

Read Books Ltd  
For Anne and Gilbert Blythe, life in a small village is never dull because of all the entertaining gossip, and what strange and funny tales they

hear: about the mischievous twins whose dearest wish comes true when they meet up with a bored and haunted millionaire; or clever Penelope Craig, who considers herself an expert on children -- until she adopts a boy of her own; or Timothy Randebush, a man so eager to keep his brother out of the clutches of a dangerous woman that he spirits her away -- only to fall prey to her charms himself. Filled with unexpected surprises, laughter, and tears, here are fourteen of the Blythes' favorite tales.

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime.

Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a

---

democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named

Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power. PAT OF SILVER

Where Men Win Glory Delphi Classics The Pat Fay Method of Home Construction is a Construction Management Book written for the homeowner. Home Construction is far too expensive and the Pat Fay Method teaches the homeowner how to build or remodel for \$100/SF or less without a General

Contractor. The homeowner does not need to be an expert in construction to be successful in their home remodel or new construction; they do need to be efficient managers who follow The Pat Fay Method. This book has chapters on Planning and Preliminary Design, Construction Meetings, Final Design, Scheduling, Permitting, Insurance, Project Safety, Contract Documents, Change Orders, The Contractor, Using Competition to drive down costs, Construction Materials, The Construction Phase, Cost Estimating,

and Construction Management forms. This book was written as a result of the experiences the author (a mechanical engineer with over 20 years of industrial and commercial construction management experience) had while managing the construction of his new home in Seattle. He found that the rules of the industrial construction world do not apply to the world of home construction. The author and his wife successfully managed all the phases of construction and had a 3,500 SF house built by 30

---

different contractors for only \$65/SF. This accomplishment can be duplicated by any homeowner but only if they follow the Pat Fay Method. If the homeowner turns over their home construction project to a General Contractor then the cost will be far too high. One of the problems for homeowners is that they only do one or two major remodels or construction projects in a lifetime. The typical homeowner is just not prepared to handle the issues inherent to working with home construction contractors without this book. For

example, can you answer these simple but consequently expensive questions: what is your construction theme, how do you write a simple scope of work, how do you find good contractors, how do you handle unexpected change orders, how do you ensure quality materials are used on your project, how do you pay the contractor, how do you get your lien release, and how will the homeowner resolve a dispute with their contractor? If you cannot answer these simple questions then you need this book. Mistress Pat by L.
