For Anne and Gilbert Blythe, life in a small village is never dull because of all the entertaining gossip, and what strange and funny tales they hear: about the mischievous twins whose dearest wish comes true when they meet up with a bored and haunted millionaire; or clever Penelope Craig, who considers herself an expert on children -- until she adopts a boy of her own; or Timothy Randebush, a man so eager to keep his brother out of the clutches of a dangerous woman that he spirits her away -- only to fall prey to her charms himself. Filled with unexpected surprises, laughter, and

tears, here are fourteen of the Blythes' favorite tales.

The story of a young girl and the home she would always love.

*Silver Thaw* HarperTrophy

An affecting biography of the author of Anne of Green Gables is the first for young readers to include revelations about her last days and to encompass the complexity of a brilliant and sometimes troubled life.

Once upon a time, there was a girl named Maud who adored stories. When she was fourteen years old, Maud wrote in her journal, "I love books. I hope when I grow up to be able to have lots of them." Not only did Maud grow up to own lots of books, she wrote twenty-four of

them herself as L. M.

Montgomery, the world-renowned author of Anne of Green Gables. For many years, not a great deal was known about Maud's personal life. Her childhood was spent with strict, undemonstrative grandparents, and her reflections on writing, her lifelong struggles with anxiety and depression, her "year of mad passion," and her difficult married life remained locked away, buried deep within her unpublished personal journals. Through this revealing and deeply moving biography, kindred spirits of all ages who, like Maud, never gave up "the substance of

things hoped for" will be captivated anew by the words of this remarkable woman.

The Trouble With Perfect Jazzybee Verlag Elizabeth Waterston is a 2011 Fellow of The Royal Society of Canada. The final volume of the immensely successful *The Selected Journals of L.M. Montgomery* covers the years 1935 to 1942, the year of Montgomery's death. No longer dwelling in a farm community or a small rural village, Lucy Maud Montgomery explored life in downtown Toronto. Here she experienced the cultural riches the city had to offer while finding friendship and neighbourliness in the suburb of Swansea. The journal chronicles her hopes and satisfaction with her new home and neighbourhood, but also her struggles with her own and her husband's recurring bouts of depression, her worries about her sons' academic performance, and her thoughts on the world events during these years. The final volume in the series offers an intimate eyewitness account of life in a growing city, a friendly neighbourhood, a changing world, and of a troubling family dynamic from 1935 to 1942, all recorded with Lucy Maud Montgomery's sharp eye and characteristic wit.

*The Golden Road* L. M. Montgomery *The Golden Road* is a 1913 novel by Canadian author L. M. Montgomery. This book is preceded by *The Story Girl*. The plot is based around the character Beverley who remembers his childhood days with his brother Felix and friends and cousins Felicity, Cecily, Dan, Sara Stanley (the "Story Girl"), hired-boy Peter and neighbor Sara Ray. The children often played in their family's orchard and had many adventures, even creating their own newspaper, called *Our Magazine*. More character development takes place in this novel than in its predecessor, and the reader is able to watch the children grow up; in particular, they are able to watch Sara Stanley leave the *Golden Road* of childhood forever. They also are able to see the beginnings of a relationship between Peter and Felicity, as chemistry between them starts to build; it also seems that Beverly and Sara Stanley are drawn to each other, but this is left undeveloped. Throughout the story it is hinted that Beverly's cousin, Cecily, is consumptive; in a passage where the *Story Girl* tells their futures, the adult Beverly confirms that Cecily never left the *Golden Road*. As well, Beverly strongly hints that Peter and Felicity will be married. The novel ends after Sara's father collects her to give her a

When it originally appeared, Elizabeth Rollins Epperly's *The Fragrance of Sweet-Grass* was one of the first challenges to the idea that L.M. Montgomery's books were unworthy of serious study. Examining all of Montgomery's fiction, Epperly argues that Montgomery was much more than a master of the romance genre and that, through her use of literary allusions, repetitions, irony, and comic inversions, she deftly manipulated the normal conventions of romance novels. Focusing on Montgomery's memorable heroines, from Anne Shirley to Emily Byrd Starr, Valancy Stirling, and Pat Gardiner, Epperly demonstrates that Montgomery deserves a place in the literary canon not just as the creator of *Anne of Green Gables* but as an artist in her chosen profession. Since its publication more than twenty years ago, *The Fragrance of Sweet-Grass* has become a favourite of scholars, writers, and Montgomery fans. This new edition adds a preface in which Epperly discusses the book's contribution to the ongoing research on the life and writing of L.M. Montgomery, reflects on how Montgomery studies have flourished over the past two decades, and suggests new ways to approach and explore the Canadian

Selected by Jos Charles as the winner of the 2021 Ballard Spahr Prize for Poetry, *Return Flight* is a lush reckoning: with inheritance, with body, with trauma, with desire—and with the many tendons in between. When *Return Flight* asks “ what name / do you crown yourself, ” Huang answers with many. Textured with mountains—a folkloric goddess-prison, Yushan, mother, men, self—and peppered with shapeshifting creatures, spirits, and gods, the landscape of Jennifer Huang ’ s poems is at once mystical and fleshy, a “ myth a mess of myself. ” Sensuously, Huang depicts each of these not as things to claim but as topographies to behold and hold. Here, too, is another kind of mythology. Set to the music of “ beating hearts / through objects passed down, ” the poems travel through generations—among Taiwan, China, and America—cataloging familial wounds and beloved stories. A grandfather ’ s smile shining through rain, baby bok choy in a child ’ s bowl, a slap felt decades later—the result is a map of a present-day life, reflected through the past. *Return Flight* is a thrumming debut that teaches us how history harrows and heals, often with the same hand; how touch can mean “ purple ” and “ blue ” as much as it means intimacy; and how one might find a path toward joy not by leaving the past in the past, but by “ [keeping a] hand on these memories, / to feel them to their ends. ”

Emily Climbs is the second in a series of novels by Lucy Maud Montgomery. It was first published in 1925. While the legal battle with Montgomery's publishing company (L.C. Page) continued, Montgomery's husband Ewan MacDonald continued to suffer clinical depression. Montgomery, tired of writing the Anne series, created a new heroine[1] named Emily. At the same time as writing, Montgomery was also copying her journal from her early years. The biographical elements heavily influenced the Emily trilogy.

L.M. Montgomery 's writings are replete with enchanting yet subtle and fluid depictions of nature that convey her intense appreciation for the natural world. At a time of ecological crises, intensifying environmental anxiety, and burgeoning eco-critical perspectives, L.M. Montgomery and the Matter of Nature(s) repositions the Canadian author 's relationship to nature in terms of current environmental criticism across several disciplines, introducing a

fresh approach to her life and work. Drawing on a wide range of Montgomery 's novels as well as her journals, this collection suggests that socio-ecological relationships encompass ideas of reciprocity, affiliation, autonomy, and the capacity for transformation in both the human and more-than-human worlds, and that these ideas are integral to Montgomery 's vision and her literary legacy. Framed by the twin themes of materiality and interrelationships, essays by scholars of literature, law, animal studies, anthropology, and ecology examine place, embodiment, and difference in Montgomery 's works and embrace the multiplicities embedded in the concept of nature. Through innovative critical approaches, L.M. Montgomery and the Matter of Nature(s) opens up conversations about humans ' interactions with nature and the material environment.
