The year is 1962. The family of fourteen-year-old Kevin Collins, caught in white flight, has moved from Beverly, its South Side of Chicago neighborhood, to the city's northern suburbs. The field of Kevin's most formative boyhood adventures was Ryan's

Woods, the great South Side forest preserve, mysterious, beautiful, running along the city's western edge a full mile from 83rd Street to 91st. It now serves as the frame for his memories. Memories of a villain enemy, of games hard-fought as wars, of moments of fear or courage, of moments that transcend racial division, and of first love in all the pure strength of its innocence. Memories, still fresh, of best friendships that Kevin now feels will be forever unrecoverable. And memories especially of his greatest friend, Jackie Leonard, whose death at age thirteen has moved Kevin to turn memory into story.

The Complete Pat of Silver Bush Series: Pat of Silver Bush + Mistress Pat A&C Black

"Chronicles of Avonlea" is a collection of short stories by L. M. Montgomery related to the Anne of Green Gables series. Most of the stories take place in the fictional Canadian village of

Avonlea. The twelve stories in the book tell about the events of the residents of Avonlea, which are related to Anne Shirley – the main character of another series. Anne also appears in several stories, but mainly as a supporting character.

When it originally appeared, Elizabeth Rollins Epperly's *The Fragrance of Sweet-Grass* was one of the first challenges to the idea that L.M. Montgomery's books were unworthy of serious study. Examining all of

Montgomery's fiction, Epperly argues that Montgomery was much more than a master of the romance genre and that, through her use of literary allusions, repetitions, irony, and comic inversions, she deftly manipulated the normal conventions of romance novels. Focusing on Montgomery's memorable heroines, from Anne Shirley to Emily Byrd Starr, Valancy Stirling, and Pat Gardiner, Epperly demonstrates that Montgomery deserves a place in the literary canon not just

---

as the creator of Anne of Green Gables but as an artist in her chosen profession. Since its publication more than twenty years ago, *The Fragrance of Sweet-Grass* has become a favourite of scholars, writers, and Montgomery fans. This new edition adds a preface in which Epperly discusses the book's contribution to the ongoing research on the life and writing of L.M. Montgomery, reflects on how Montgomery studies have flourished over the past two decades, and suggests new

ways to approach and explore the Canadian writer's work.

Are morals always relative?  
Are private actions--among consenting adults--always beyond the law? Or are there some behaviors which so weaken a society that common

beliefs about right and wrong must be enforced to protect the common good? In opposing the decriminalization of private acts of homosexuality in Britain, Patrick Devlin maintained that not only is it reasonable to allow popular morality to influence lawmaking, it is imperative: ". . . For a society is not something that is kept together physically; it is held by the invisible bonds of common thought." Some sidestep this controversial issue by asserting that the law should not be used to enforce any morality. Others invoke John Stuart Mill's doctrine that the only purpose

---

for laws governing any member of society is to prevent harm to others, chiefly physical harm. But, Devlin argued, while breaches of shared morality do not cause harm to other individuals in the way that murder and assault do, they do harm society by undermining its moral structure. Patrick Devlin (1905-1992) studied history and law at Cambridge University and became a successful lawyer.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year,

when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated

chronicle, Peabody Award – winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone “Listener Line” fielded questions on any subject, day and night. From 1968 to

Watergate, Boston’s WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman.

Once upon a time, there was a girl named Maud who adored stories. When she was fourteen years old, Maud wrote in her journal, “I love books. I hope when I grow up to be able to have lots of them.” Not only did Maud grow

up to own lots of books, she wrote twenty-four of them herself as L. M. Montgomery, the world-renowned author of *Anne of Green Gables*. For many years, not a great deal was known about Maud's personal life. Her childhood was spent with strict, undemonstrative grandparents, and her reflections on writing, her lifelong struggles with anxiety and depression, her "year of mad passion," and her difficult married life remained locked away, buried deep within her unpublished personal journals. Through this revealing and deeply moving biography, kindred spirits of all ages who, like Maud, never gave up "the substance of things hoped for" will be captivated

anew by the words of this remarkable woman. Jane of Lantern Hill Harlequin Mistress Pat is the sequel to 'Pat of Silver Bush'. "An exciting new collection, The L.M. Montgomery Reader assembles significant rediscovered primary materials on one of Canada's most enduringly popular authors throughout her high-

profile career as the author of the resoundingly successful *Anne of Green Gables* (1908) and after her death. Each of its three volumes gathers pieces published all over the world to set the stage for a much-needed reassessment of Montgomery's literary reputation. Much of the material is freshly unearthed from archives and digital collections and has never before been collected in book form. The ninety selections appearing in this first volume focus on Montgomery's role as a public celebrity, giving a

strong impression of her as a writer and cultural critic as she discusses a range of topics with wit, wisdom, and humour, including the natural landscape of Prince Edward Island, her wide readership, anxieties about modernity, and the continued relevance of "old ideals." These essays and interviews are joined by a number of additional pieces that discuss her work's literary and cultural value in relation to an emerging canon of Canadian literature, with nearly one hundred

---

selections in all. Each volume is accompanied by an extensive introduction and detailed commentary by leading Montgomery scholar Benjamin Lefebvre that trace the interplay between the author and the critic, as well as between the private and public Montgomery. This volume, and the Reader as a whole, adds tremendously to our understanding and appreciation of Montgomery's legacy as a Canadian author and as a literary celebrity both during and beyond her lifetime."
