Bring the Bible to Your Students like Never Before Communicating the Scriptures is much like building a bridge. However, instead of ravines or rivers, the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses, David, Jesus, and Paul. Though God ' s Word is always relevant, the teacher must help students see Scripture ' s vast treasures. The effective, engaging Bible teacher must, therefore, become

creative. Together, Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God ' s Word. Creative Bible Teaching offers a five-step process by which Christian educators can construct a bridge across time, geography, and culture to help students of all ages connect with God ' s Word. This newly revised edition makes learning about God ' s Word more accessible for both teachers and students today. Simple, clear, and memorable, the method laid out in Creative Bible Teaching provides a sure-fire way of communicating God's Word in a way that sticks.

Ellen Gould White (n é e Ellen Gould Harmon; November 26, 1827 - July 16, 1915) was an author and an American Christian pioneer. Along with other Sabbatarian Adventist leaders such as Joseph Bates and her husband James White, she formed what became known as the Seventh-day Adventist Church. The Smithsonian magazine named Ellen G. White among the "100 Most Significant Americans of All Time.

What would happen if Christian leaders decided that "good enough" is no longer good enough? What if they stepped out of the comfort zone, stood for right, and strived for excellence? What if they were fearlessly committed to following God's lead and trusting he future to Him?In this book Clinton Valley casts just such a vision for Christian leaders. Drawing from years of experience, Valley offers insight about the true purpose of leadership and the profile of an effective leader. The practical and inspiring principles he shares will help you develop the vision, skills and focus you need to lead effectively. Help! I'm Being Followed addresses how to make positive changes, deal with conflict, handle criticism, and plan for relevance and progress.

Unleashing the Passion of Young People in Your Church Is Possible! Churches are losing both members and vitality as increasing numbers of young people disengage. Based on groundbreaking research with over 250 of the nation's leading congregations, Growing Young provides a strategy any church can use to involve and retain teenagers and young adults. It profiles innovative churches that are engaging 15- to 29-year-olds and as a result are growing--spiritually, emotionally, missionally, and numerically. Packed with both research and practical ideas, Growing Young shows pastors and ministry leaders how to position their churches to engage younger generations in a way that breathes vitality, life, and energy into the whole church. Visit www.churchesgrowingyoung.org for more information.

Bushcraft First Aid Abingdon Press

John Nevins Andrews was one of the brightest lights of the new and growing Seventh-day Adventist Church. Serving as a scholar, author, preacher, administrator and the denomination's first missionary, he devoted his life for his church and God with unremitting zeal, and burned himself out at the age of 54. This book tells the story of a young man who became an Adventist, spurned a life of publicity and fame, became an itinerant preacher, clarified points of doctrine on the Sabbath for the new church, and ended his life sacrificially while bringing the three angels' message to Europe.

Fundamentals of Christian Education TEACH Services, Inc.

Concepts of Biology is designed for the single-semester introduction to biology course for non-science majors, which for many students is their only college-level science course. As such, this course represents an important opportunity for students to develop the necessary knowledge, tools, and skills to make informed decisions as they continue with their lives. Rather than being mired down with facts and vocabulary, the typical non-science major student needs information presented in a way that is easy to read and understand. Even more importantly, the content should be meaningful. Students do much better when they understand why biology is relevant to their everyday lives. For these reasons, Concepts of Biology is grounded on an evolutionary basis and includes exciting features that highlight careers in the biological sciences and everyday applications of the concepts at hand. We also strive to show the

interconnectedness of topics within this extremely broad discipline. In order to meet the needs of today's instructors and students, we maintain the overall organization and coverage found in most syllabi for this course. A strength of Concepts of Biology is that instructors can customize the book, adapting it to the approach that works best in their classroom. Concepts of Biology also includes an innovative art program that incorporates critical thinking and clicker questions to help students understand--and apply--key concepts.

Pathfinders Handbook Review and Herald Pub Assoc

The question is often asked, "How can I pray so my prayers will be answered?" There are indeed answers, and in this book you will find a remarkable number of them. In the pages of this book, you will find an in-depth presentation of Spirit of Prophecy statements on the subject of prayer. Because it is a practical question, dealing with the everyday realities of life, the answers will also be found to be very practical, and will touch on a variety of points. Yet basic principles are also given, principles that underlie all genuine contact with God. Our kind Father is more willing to give good gifts to His children than we are to receive them. On our part, there should be an earnestness to plead for help, a steadfast determination to cling to Him in spite of all that might occur, and a submission to His wise decisions.
