Papua New Guinea is experiencing changes that grow in significance and accelerate in pace.

Although the majority of its population are still subsistence farmers, the postmodern world is fast making an impact. That means that, at the same time, they are strongly influenced by firmly ingrained tradition where animism is binding and a pervasive element as well as Western media with its consumerism and worldview. The most impacted are youth who are caught between the traditional and postmodern culture. In a

Practical, research-based lessons for middle school educators to teach students pro-social

attitudes and behaviors to prevent bullying. Create a Culture of Kindness in Middle School focuses on positive and pro-social attitudes and behaviors that build a respectful and compassionate school environment, while also addressing the tough issues of prejudice, anger, exclusion, and bullying. Through role-playing, perspective-taking, sharing, writing, discussion, and more, students develop the

insights and skills they need to accept differences, resolve conflicts peacefully, stop bullying among peers, and create a community of kindness in their classrooms and school. Based on survey data gathered by the authors from more than 1,000 students, the book's research-based lessons are easy to implement and developmentally appropriate. Digital content includes student handouts from the book.

Aerobics Program For Total Well-Being Review and Herald Pub Assoc Jesus' admonition to "go and make disciples of all nations" (Matthew 28:19, NIV) resonates in the hearts of those who love Him supremely. Every

individual must be given the opportunity to choose between life and death. This volume is a call to action—a plea for believers to work for their Savior by bringing the gospel to the millions of people in the city, strategies, methods, selecting and training workers, and lessons from Scripture. Yes, the

work will require much effort, especially in our day and age. But Ellen G. White doesn't mince words: "Do not hover over the churches to repeat over and over again the same truths to the people, while the cities are left in ignorance and sin, unwarned and unlabored for" (The Upward Look,
