Army Ranger and bestselling author Kris Paronto reveals the values and creed shared by special forces for self-improvement and living a purposeful life. When Kris Paronto began talking with civilians about his experiences fighting the terrorist attack on the US State Department Special Mission Compound in Benghazi, Libya on September 11, 2012, he was surprised at how often people told him that the story of his extraordinary battle gave them courage to face tough times in their everyday lives. "The odds were stacked against us that night but the truth is that we refused to quit and we beat them with faith, teamwork, and the principles that were first instilled in me when I joined the Army. You can find those in the Rangers Creed and the Army Values," he says, "and

you don't have to be a Special Operations soldier to use them." In *The Patriot's Creed*, Kris Paronto uses the seven core Army Values that all soldiers learn in Basic Combat Training, and the experiences of other servicemen and women and First Responders, to explain how anyone can improve themselves, the world around them, and live a heroic life. The stakes are dramatic for the brave men and women who put their lives on the line to fight for America, and too many of their acts of courage and honor are unknown. The examples of their persistence and discipline will be inspiring to anyone facing seemingly insurmountable obstacles. At a time of national polarization, Kris Paronto draws attention to values all readers can share and use, and to the honor, integrity and courage of true patriots who have gone to great lengths to protect and serve. They embody the best of us and make Kris Paronto proud to be an American soldier.

Filled with the latest available facts and figures, Mergent's Handbook of Common Stocks Fall 2007 can help readers make the most informed investment decisions possible.

Mergent's Industry Review John Wiley & Sons

This book describes a fiscal plan designed to balance the federal budget without austerity or endangering the entitlement programs. It does this primarily through increasing income taxes on the wealthy by raising rates and eliminating deductions. It calls for significant savings in the cost of health-care delivery without diminishing services and an end to government waste and inefficiency. It largely eliminates poverty through raising the minimum wage, and a full employment program in which the government serves as the employer of last resort. This program is paid for by a new net-worth tax on the wealthiest 1 percent. The plan intends to improve economic equity and preserve political democracy by reducing the income/wealth disparity which exists today.

The plan extends Medicare to all, eliminates payroll taxes, and funds entitlements out of the general fund. State and municipal costs are significantly reduced by absorbing Medicaid patients into Medicare, thus freeing up capital for necessary infrastructure repair and the expansion of education funding for preschool through college. Working- and middle-class families will see their first real increase in disposable income in almost thirty years through the elimination of the payroll taxes, the reduction in the personal cost of health care and the increase in the minimum wage. The full employment program and the increase in disposable income for so many will serve to stimulate the economy, bring about business expansion, and increase employment. The cost of doing business in America will be reduced by eliminating company contributions to the payroll tax, ending the need for company-paid health insurance and a reduction in the corporate tax rate. These savings will motivate bringing jobs home from overseas and increase the profit margins for American companies providing capital for research and development, modernization, and expansion.

Sasquatch Books

Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives, historians and investors.

A More Perfect Union Entrepreneur Press
For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue,

personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

The Master Guide to Controllers' Best Practices Wiley

For the son of one of the most powerful politicians in Irrianon, life is too easy. Even in the military, assiduous care is taken to ensure both his safety and his upward career path. It is neither his father's fault nor his own fault - it is the good bureaucrats striving mightily to prevent anything bad from happening on their watch. Of course, a young man has dreams, often of fame and glory and courage (and getting the girl). Coren Dorvalle's dreams are about to be fulfilled, but in a way he never imagined. Patriot Star is the story of

a nation grown soft from prosperity and lazy in its liberty, a nation that must learn again what it is like to fight and to die for freedom. Success is not a guarantee, no matter how noble the cause. It is the same on the planet Toryl as it is here.

Patriot Star Copyright Office, Library of Congress

This new edition of The Patriot's Toolbox, the fourth since the first edition was released in 2010, is offered as a guide for policymakers as well as patriot-activists. It offers an agenda for incumbent office holders, a platform for candidates for public office, and a report card for civic and business leaders and journalists assigned to cover the policy moves of national and state lawmakers.

The Washington Post Index Penguin Includes Part 1, Number 1 & 2: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - December)

U.S. Tax Guide for Aliens Sourcebooks, Inc.

Over the course of a generation, patriotism in America has been hijacked by the right and abandoned by the left. But the principles and values of true patriotism — country above self, contribution above consumption, stewardship over exploitation, freedom with responsibility, purpose through sacrifice and service, pragmatism, a fair shot for all — are inherently progressive. The True Patriot, written in the pamphleteering style of Thomas Paine (Common Sense), challenges progressives to reclaim patriotism — and spells out just how to do it. This powerful and timely "little red book" combines a manifesto, a ten-principle plan, a model speech, and a moral code. Throughout, it weaves between the words of the authors and excerpts from foundational American texts and speeches, as well as a parade of iconic American images.

2. Pamphlets, Etc. New Series Author House

This revised and updated edition of *The American Patriot's Handbook* gives an authoritative and concise introduction to the ideas, events, and personalities that have shaped American freedom, ideals, and values. Included are important and inspirational speeches, poems and song lyrics along with profiles of presidents and prominent individuals who have shaped the nation's history. Key documents featured are:

- The Mayflower Compact
- The Declaration of Independence
- The lyrics to "The Star Spangled Banner"
- The Inaugural Address by John F. Kennedy
- The Letter from the Birmingham Jail by Martin Luther King Jr.

A wonderful amount of new material delves even deeper into our national identity to showcase not only our fighting spirit, but strong compassion, including:

- Epitaph of a Patriot by Anne

Bradstreet • The Defense of the Alamo by Joaquin Miller • Nobel Prize Acceptance by William Faulkner • September 11 Address to the Nation by George W. Bush

The American Patriot's Handbook is the perfect resource for anyone who wishes to understand this majestic country, from its historic founding until today...
