[Amazon.co.uk: pattern tracing paper](https://www.amazon.co.uk/pattern-tracing-paper)

Pattern making. A patternmaker typically employs one of two methods to create a pattern. The flat-pattern method is where the entire pattern is drafted on a flat surface from measurements, using rulers, curves and straight-edges. A pattern maker would also use various tools such as a notcher, drill and awl to mark the pattern. Usually, flat patterning begins with the creation of a sloper or block pattern, a simple, fitted garment made to the wearer's measurements.
