[Automate the Boring Stuff with Python, 2nd Edition](#)

Apress

The second edition of this best-selling Python book (over 500,000 copies sold!) uses Python 3 to teach even the technically uninclined how to

---

write programs that do in minutes what would take hours to do by hand. There is no prior programming experience required and the book is loved by liberal arts majors and geeks alike. If you've ever spent hours renaming files or updating hundreds of spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? In this fully revised second edition of the best-selling classic *Automate the Boring Stuff with Python*, you'll learn how to use Python to write programs that do in minutes what would take you hours to do by hand--no prior programming experience required. You'll learn the basics of Python and explore Python's rich library of modules for performing specific tasks, like scraping data off websites, reading PDF and Word documents, and automating clicking and typing

tasks. The second edition of this international fan favorite includes a brand-new chapter on input validation, as well as tutorials on automating Gmail and Google Sheets, plus tips on automatically updating CSV files. You'll learn how to create programs that effortlessly perform useful feats of automation to:

- Search for text in a file or across multiple files
- Create, update, move, and rename files and folders
- Search the Web and download online content
- Update and format data in Excel spreadsheets of any size
- Split, merge, watermark, and encrypt PDFs
- Send email responses and text notifications
- Fill out online forms

Step-by-step instructions walk you through each program, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Don't spend your time doing

work a well-trained monkey could do. Even if you've never written a line of code, you can make your computer do the grunt work. Learn how in *Automate the Boring Stuff with Python, 2nd Edition*. *A+ Guide to Hardware Rough Guides UK*

The iPod Touch and iOS 5 introduced many new features not seen in previous iPod generations. This guide will introduce you to the multitude of new features and show you how to use them. This book gives task-based instructions without using any technical jargon. Learning which buttons perform which functions is useless unless you know how it will help you in your everyday use of the iPod. Therefore, this guide will teach you how to perform the most common tasks. Instead of presenting arbitrary instructions in lengthy paragraphs, this book gives unambiguous, simple step-by-step procedures. Additionally, detailed screenshots help you to confirm that you are on the right track. This Survival Guide also goes above and beyond to explain

Secret Tips and Tricks to help you accomplish your day-to-day tasks much faster. If you get stuck, just refer to the Troubleshooting section to figure out and solve the problem. The iPod Touch Survival Guide is never stagnant, and always being updated to include the most recent tips and tricks. In Life Code: The New Rules for Winning in the Real World, six-time New York Times #1 best-selling author Dr. Phil McGraw abandons traditional thinking and tells you the ugly truth about the users, abusers, and overall “bad guys” we all have in our lives. He also reveals the secrets of how they think and how they get to and exploit you and those you love.

You ’ ll gain incredible insight into these negative people,

which he refers to as BAITERs (Backstabbers, Abusers, Imposters, Takers, Exploiters, Reckless), and you ’ ll gain the tools to protect yourself from their assaults. Dr. Phil's new book gives you the “ Evil Eight ” identifiers so you can see them coming from a mile away, as well as their “ Secret Playbook, ” which contains the “ Nefarious 15 ” tactics they use to exploit you and take what is yours mentally, physically, socially and professionally. Life Code then focuses on you and your playbook, which contains the “ Sweet 16 ” tactics for winning in the real world. Edgy, controversial and sometimes irreverent, Dr. Phil again abandons convention to prepare you to claim what you deserve and claim it now. You take flying lessons to learn to fly, swimming lessons to learn to swim, and singing lessons to learn to sing. So, why not take winning lessons to learn to
