Amber is a fourteen year old girl who was unhappy and dissatisfied with her life due to the fact that she was not achieving anything meaningful with her existence. She wanted to have a reason for getting up every morning. She wanted to live her life with purpose. While attending a spiritual retreat, Amber had an encounter with Jesus and his love for her. The impact of that experience transformed Amber's existence into a new life. Now she was ready to see the lives of others changed through the power of her new friend.

Join father/son team G. L. and Glenn Cook in their exploration of the Bible to understand God's ultimate plan for everlasting peace, joy, and happiness on the earth. *Peace on Earth: Millennium of King Jesus* is the writers' authoritative compendium of eschatological texts, especially relating to the futuristic years when Jesus Christ will return to the earth at the Battle of Armageddon and afterward, bring everlasting peace to all nations on the earth. It is good news! Biblical evidence and details are presented to demonstrate how King Jesus will literally establish his 1,000-year, theocratic, world-dominating government. As John G. Hall, one of the writers' favorite professors of biblical eschatology, once stated, 'If you don't believe King Jesus and his saints will be riding white horses when he returns to the earth, then you can just walk and I will ride.'

In 2050, the world is a little denser, a little greyer, and a little more firmly under the corporate thumb. Wriggling carefully under that thumb, in their dimly lit flats, Katja and her friends have

tended to walk the fine line between cyber criminals and cyber crusaders. For them, no physical reality compares to their lives built on lines of aggressive code. But then somebody blows up the office where Katja is pretending to be a well-behaved wage slave and jolts them into the concrete and clouds of corporeal Seattle. Of brains infiltrated by a clandestine threat. Can a handful of digital warriors win a war that stretches into the world on the flesh and blood side of their computer screens? Praise for *Peace Fire* "A smart, fun, fierce tale of geek revolution and high-stakes adventure." -Ernest Cline, Bestselling Author of *Ready Player One*

"Gripping and poignant, *A Matter of Days* takes readers on a heart-stopping journey of love and survival." —New York Times bestselling author Carrie Jones Their new reality begins in just a matter of days. On Day 56 of the Blustar Pandemic, sixteen-year-old Nadia's mother dies, leaving Nadia to fend for herself and her younger brother, Rabbit. Both have been immunized against the virus, but they can't be protected from what comes next. Their father taught them to "be the cockroach" —to adapt to and survive whatever comes their way. And that's their mission. Facing a lawless world of destruction and deprivation, Nadia and Rabbit drive from Seattle to their grandfather's compound in West Virginia. The illness, fatigue, and hunger they endure along the way will all be worth it once they reach the compound. Unless no one is waiting for them... "Fans of Rick Yancey's *The 5th Wave*, S. D. Crockett's *After the Snow*, or Cormac McCarthy's adult novel *The Road* will find this a satisfying read." —SLJ "An exciting apocalyptic road trip." —Publishers Weekly [Peace on Earth, Millennium of King Jesus](#) Dorrance Publishing How would a loli do it? He had tricked her into hugging him on the bed! How could he do that? One flick, two flick, three flop! How does the queen do it? The wax whip and the shackles!

All Hail King Oberon! At last, Dworkin has created the magic Pattern, and Amber has been established with its own myriad of shadow worlds. Now, King Oberon works on repairing Castle Amber after winning his epic battle with the forces of Chaos. And his world is at peace... until he is attacked by a nightmare creature that refuses to die, while everything in its path withers and turns to dust. Oberon leads the monster away from Amber, on through an almost infinite number of Shadows, and still the creature presses ever closer. At last, Oberon travels to the world of the Pattern itself—his source of power—to make a stand against it. His fight, from the center of the Pattern, rips the world asunder—even damaging the Pattern itself. But Oberon manages to defeat the deadly monstrosity... and the Pattern repairs itself. Still, much time has passed, and much damage has been done. Among other things, when Oberon returns to Amber, his father tells him that the Pattern has been magically transported to the bowels of the castle. Further examination reveals that the original Pattern remains where it was drawn, and Castle Amber now possesses its identical double. But more damage than that may have been done. In a single evening, Oberon discovers that Amber hosts another race of creatures—a whole civilization living beneath the ocean in a mirror duplicate of Amber. He learns that it, too, has had a copy of the Pattern appear in its depths, that the Queen of the undersea kingdom knows all about him and desires him to get rid of the Pattern from her realm; and that she has plans for him... and the powers to perhaps make her wishes real. A biography of a staple grain we often take for granted, exploring how wheat went from wild grass to a world-shaping crop. At breakfast tables and bakeries, we take for granted a grain that has made human civilization possible, a cereal whose humble origins belie its world-shaping power: wheat. *Amber Waves* tells the story of a group of grass species that first grew in scattered stands in the foothills of the Middle East until our ancestors discovered their value as a source of food. Over thousands of years, we moved their seeds to all but the polar regions of Earth, slowly cultivating what we now know as wheat, and in the process creating a world of cuisines that uses wheat seeds as a staple food. Wheat spread across the globe, but as ecologist Catherine Zabinski shows us, a biography of wheat is not only the story of how plants ensure their own success: from the earliest bread to the most mouthwatering pasta, it is also a story of human ingenuity in producing enough food for ourselves and our communities. Since the first harvest of the ancient grain, we have perfected our farming systems to grow massive quantities of food, producing one of our species' global mega crops—but at a great cost to ecological systems. And despite our vast capacity to grow food, we face problems with undernourishment both close to home and around the world. Weaving together history, evolution, and ecology, Zabinski's tale explores much more than the wild roots and rise of a now-ubiquitous grain: it illuminates our complex relationship with our crops, both how we have transformed the plant species we use as food, and how our society—our culture—has changed in response to the need to secure food sources. From the origins of agriculture to gluten sensitivities, from our first selection of the largest seeds from wheat's wild progenitors to the sequencing of the wheat genome and genetic engineering, *Amber Waves* sheds new light on how we grow the food that sustains so much human life.

Peace Maker Cumulus Publishing Limited

There is a world within our own-beneath, below, not visible to our eyes but never far away. We can neither touch nor feel nor smell it. We do not even think it real. Still, it is there. It is the world of the angels. Their world is our world but void of ugliness and fear and death and pain. Its buildings are pristine, its cities glorious, its lawns are still and deep, and its winged inhabitants the most beautiful creatures you can imagine. From this world of beauty and peace, two angels-Amber and her daughter Pearl-do what is forbidden and cross into our world, landing in a dark back alley somewhere in a seedy part of Detroit. They should not be here. They should not have come. For once here, they are bound by the same laws we are. And now the unthinkable happens: before they can return home, Pearl is murdered by a street gang. Amber, for the first time experiencing human emotions, is soon consumed by powerful thoughts of revenge. From that moment on, she begins to slip ever deeper into the darkness of her own hatred until almost nothing of her is left. On the other side of town, John Engels, a research scientist, realizes to his own surprise and terror, that he might be the only one who can possibly stop her before she follows through with her plan of killing all those responsible for her daughter's death. For if he cannot stop her, if she falls, the world-our world-will fall with her.

New York Times Bestselling Author BARBARA DELINSKY AMBER'S EMBRACE From America's beloved storyteller, Barbara Delinsky, comes the romantic story of two rival coaches—and one game of love where everybody wins... Single mom Amber MacLaine coaches Little League for her son's (losing) team, the Pirates. Single dad Zachary Wilder coaches Little League for his daughter's (winning) team, the Cubs. A little friendly rivalry is all part of the game, of course. But when Zachary teases Amber for arguing with the ref, she can't help but dish it right back. And when he suggests she join him in some rigorous physical activity—bicycling—she takes him up on the challenge. Sure, he's her opponent on the playing field. But he's also a doctor. And gorgeous. And available. Not only is Zachary all warmed up, he's ready to play. But does he have what it takes to get this love-challenged mom back in the game? Previously published as Amber Enchantment by Bonnie Drake
