Description. This textbook utilizes the  
ideas and concepts that made the  
international edition a valued  
companion to economics students and  
lecturers the world over, but tailors its  
language and illustrations to better suit  
its Arab readers. Regional case  
studies, photographs and examples  
bring the principles and concepts of  
economics to life for Arab learners,  
who are encouraged to apply the

information and data contained in  
Economics to their own environment  
and experiences.
