Prepare for the new Cisco Secure PIX Firewall exam with the Cisco-authorized self-study Certification Guide The only Cisco Systems authorized self-study exam certification guide for the new CSPFA exam CD-ROM test engine provides exam practice with more than 200 questions Coverage and review of all CSPFA exam topics Learning tools, like pre- and post-chapter exams, and case studies teach topics and provide feedback on exam-taking readiness As security demands have continued to increase for networks, so has the popularity of Cisco's security products, training courses, and certifications. The Cisco PIX Firewall line is one of the most prevalent network security product lines; and networkers need to master configuring these devices to maximize their protection capabilities without diminishing network efficiency. The CSPFA 3.0 exam is one of the component exams to the Cisco Security Specialist-1 designation. "Cisco Secure PIX Firewalls Exam Certification Guide (CSS-1 Self-Study)" provides CSPFA exam candidates with a comprehensive preparation tool for testing success. With pre- and post-chapter tests, a CD-ROM-based testing engine with more than 200 questions, and comprehensive training on all exam topics, this title brings the proven exam preparation tools from the popular Cisco Press Exam Certification Guide series to the CSPFA candidate. It also serves as a learning guide for networkers interested in learning more about working with the PIX Firewall line of products. Christian Degu, CCNP, CCDP, CSS-1, is an instructor at Strayer University and has over six years experience in training, systems administration and programming in the computing and networking industry. Christian also holds a B.S. in Computer Information Systems and an M.S. in Management of Information Systems. Greg Bastien, CCNP, is an adjunct professor at Strayer University and has worked since 1998 in several networking industry positions including network administrator, web master, and network security consultant. Greg also holds an undergraduate degree in Professional Aeronautics and a graduate degree in Aerospace Management from Embry Riddle.
