And Thereby Hangs a Tale Faber Music Ltd

This edition brings together three of Jeffrey Archer's classic collections of short stories: *To Cut a Long Story Short*, *Cat O' Nine Tales* and *And Thereby Hangs a Tale*, showcasing the master storyteller's skill like never before. Every reader will have their own favourites: the choices run from love at first sight across the train tracks to the cleverest of confidence tricks, from the quirks of the legal profession - and those who are able to manipulate both sides of the Bar - to the creative financial talents of a member of Her Majesty's diplomatic service - but for a good cause. In 'Caste-Off', Jamwal and Nisha fall in love while waiting for a traffic light to turn green in Delhi, and in 'Don't Drink The Water', a company chairman tries to poison his wife while on a trip to St Petersburg - with unexpected consequences . . . The stories held in these pages are irresistible: ingeniously plotted, with richly drawn characters and deliciously unexpected conclusions.

Hell, the first volume in Jeffrey Archer's *The Prison Diaries*, is the author's daily record of the time he spent there. The sun is shining through the bars of my window on what must be a glorious summer day. I've been incarcerated in a cell five paces by three for twelve and a half hours, and will not be let out again until midday; eighteen and a half hours of solitary confinement. There is a child of seventeen in the cell below me who has been charged with shoplifting - his first offence, not even convicted - and he is being locked up for eighteen and a half hours, unable to speak to anyone. This is Great Britain in the twenty-first century, not Turkey, not Nigeria, not Kosovo, but Britain. On Thursday 19 July 2001, after a perjury trial lasting seven weeks, Jeffrey Archer was sentenced to four years in jail. He was to spend the first twenty-two days and fourteen hours in HMP Belmarsh, a double A-Category high-security prison in South London, which houses some of Britain's most violent criminals. This is his illuminating insight into prison life.

International bestselling author Jeffrey Archer has spent the last five years gathering spellbinding stories from around the globe. These fifteen brand-new tales showcase Archer's talent for capturing an unforgettable moment in time, whether tragic, comic, or outrageous. In India, Jamwal and Nisha fall in love while waiting for a traffic light to turn green on the streets of Delhi. From Germany comes "A Good Eye," the tale of a priceless oil painting that has remained in the same family for over two hundred years, until... To the Channel Islands and "Members Only," where a golf ball falls out of a Christmas cracker, and a young man's life will never be the same... To Italy and "No Room at the Inn," where a young man who is trying to book a room at a hotel ends up in bed with the receptionist, unaware that she... To England, where, in "High Heels," a woman has to explain to her husband why a pair of designer shoes couldn't have gone up in flames... Some of these stories will make you laugh while others will bring you to tears but, once again, every one of them will demand that you keep turning the page until you finally discover what happens to this remarkable cast of characters.

The Genius of Erasmus Darwin St. Martin's Paperbacks

The origins of the Post Office go back to the early years of the Tudor monarchy: Brian Tuke, a former King's Bailiff in Sandwich, was acknowledged as the first 'Master of the Posts' by Cardinal Wolsey in 1512, and went on to build up a network of 'postmasters' across England for Henry VIII. Over the following five hundred years the Royal Mail expanded to an unimaginable degree to become the largest employer in the country, and the face of the British state for most people in their everyday lives. But it also faced the demands of an increasingly commercial marketplace. With the election of Margaret Thatcher in 1979, the possibility of privatising the Royal Mail has prompted passionate arguments - and has added immeasurably to the difficulties of running it. In charting the whole of this extraordinary story, Duncan Campbell-Smith recounts a series of remarkable tales, including how postal engineers built the first programmable computer for the wartime code-breakers of Bletchley Park and how the Royal Mail managed to successfully continue delivering post to the front lines during two world wars, but also how they failed to avert the Great Train Robbery of 1963. He brings to life many of the dominant personalities in the Royal Mail's history - from Rowland Hill, who imposed a uniform penny post and set the great Victorian expansion on its way, to Tony Benn who championed the modernisation of the service in the 1960s and Tom Jackson who led the postal workers' biggest union through fifteen frequently stormy years up to 1982. This is the first complete history of the Royal Mail up to the present day, based on its comprehensive archives, and including the first detailed account of the past half-century of Britain's postal history, made possible by privileged access to confidential records. Today's debate over the future of the Royal Mail is shown to be just the latest chapter in a centuries-old conflict between its roles raising revenue and serving the public. Will its employees remain, like Brian Tuke's postmasters, servants of the Crown? This book could hardly appear at a more timely moment.

"The very name of 'Judas' raises among Christians
an instinctive reaction of criticism and
condemnation...The betrayal of Judas remains...a
mystery." —Pope Benedict XVI, October 2006
The Gospel According to Judas, by Benjamin
Iscariot sheds new light on the the mystery of
Judas—including his motives for the betrayal and
what happened to him after the crucifixion—by
retelling the story of Jesus through the eyes of
Judas, using the canonical texts as its basic point of
reference. Ostensibly written by Judas's son,
Benjamin, and following the narrative style of the
Gospels, this re-creation is provocative, compelling,
and controversial. The Gospel According to Judas,
by Benjamin Iscariot is the result of an intense
collaboration between a storyteller and a scholar:
Jeffrey Archer and Francis J. Moloney. Their
brilliant work—bold and simple—is a compelling story
for twenty-first-century readers, while maintaining
an authenticity that would be credible to a first-
century Christian or Jew.
