Five hundred years ago, Martin Luther's
Ninety-Five Theses caught Europe by
storm and initiated the Reformation, which
fundamentally transformed both the
church and society. Yet by Luther's own
estimation, his translation of the Bible into
German was his crowning achievement.
The Bible played an absolutely vital role in

the lives, theology, and practice of the
Protestant Reformers. In addition, the
proliferation and diffusion of vernacular
Bibles—grounded in the original languages,
enabled by advancements in printing, and
lauded by the theological principles of sola
Scriptura and the priesthood of all
believers—contributed to an ever-widening
circle of Bible readers and listeners among
the people they served. This collection of
essays from the 2016 Wheaton Theology
Conference—the 25th anniversary of the
conference—brings together the reflections
of church historians and theologians on the
nature of the Bible as "the people's book."
With care and insight, they explore the
complex role of the Bible in the

Reformation by considering matters of
access, readership, and authority, as well
as the Bible's place in the worship context,
issues of theological interpretation, and the
role of Scripture in creating both division
and unity within Christianity. On the 500th
anniversary of this significant event in the
life of the church, these essays point not
only to the crucial role of the Bible during
the Reformation era but also its ongoing
importance as "the people's book" today.
