Therefore, Pelco strongly recommends that the system administrator change the password and keep it in a secured location. (The user name or access level, which by default is Administrator, cannot be changed.) For information about changing the administrator password and creating new user accounts, refer to the DX4500/DX4600 Operation manual.

- Read and keep all instructions, including the Important Safety Instruction sheet that was supplied with your DVR.
- When using the networking capabilities of the DX8100, Pelco recommends that each DX8100 Series DVR be connected to a secure, private network. Do not directly connect your DVR to a public network such as the Internet.
