Global Business Management Cengage Learning

This book interweaves the concepts of the guidance on globalization, international management, and the intricacies of international business that many books on the market treat independently. It clarifies and explains culture, cultural misunderstandings, and cross-cultural interactions. Adekola and Sergi's text is unique in that it offers both the management perspective and the cultural perspective. It is for managers seeking to thrive in the global economy. This book focuses on managing global organizations, providing a basis for understanding the influence of culture on international management, and the key roles that international managers play. It clearly shows how to develop the cross-cultural expertise essential to succeed in a world of rapid and profound economic, political and cultural changes.

The Future of Global Business Cengage Learning

The world's best-selling global business strategy text, Peng's GLOBAL STRATEGY, 5E uses a reader-friendly approach to present strategic management from a truly global perspective. This edition emphasizes strategy around the globe using evidence-driven explanations with the latest research. A unique strategy tripod perspective presents three leading views - industry-based, resource-based and institution-based views - in each chapter. A conversational style emphasizes the story behind the stories, while timely debates address strategic issues, such as globalization versus de-globalization, offshoring versus non-offshoring and social media freedom of speech versus censorship. You also examine building an antitrust case against Big Tech and reducing income inequality via corporate social responsibility (CSR). Strategy-in-action boxes, numerous chapter cases and brief, to-the-point integrative cases present current global topics. GLOBAL STRATEGY, 5E is available as a printed book or ebook. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Impacts of Emerging Economies and Firms on International Business Springer Nature

This volume focuses on the role of the private sector in diversifying the economics of Gulf countries in the post-petrodollar era, when fluctuating and declining oil prices are negatively impacting national expenditures. It explores current policies of countries in the Gulf Cooperation Council and their efforts to shift their economies away from heavy dependence on hydrocarbons. The structural changes will create favorable conditions for the private sector to flourish, shift production dependence from public to private sector, and allow for more efficient resource allocation. Such changes will also allow local banks to provide financial

support to small and medium enterprises, boost entrepreneurship for job creation, and strengthen organizational structure and efficiency. This is the first volume in Economic Diversification in the Gulf Region. Five moves to building a competitive advantage Edward Elgar Publishing

The global business environment is rapidly changing due to shifts in geopolitical alliances, active support of global international institutions in promoting market-oriented economic reforms, and advances in the development and use of information technology. INTRODUCTION TO GLOBAL BUSINESS, 2e addresses these challenges by providing a comprehensive analysis of the global business environment and lays the foundation for the functional tools used to better prepare you to manage the global business landscape. The text flows smoothly and clearly from concept to application, asking you to apply those learning skills into real-world personal and professional applications. The specialized author team introduces globalization through unparalleled scholarship and a world-view presentation of the fundamental pillars of the global business environment -- culture, ethics, economics, and information technology. GLOBAL 4 South-Western Pub

Strategic management relies on an array of complex methods drawn from various allied disciplines to examine how managers attempt to lead their firms toward success. This book discusses about key methodology issues in the strategic management field.

Global Strategy South-Western College

Mike Peng and Klaus Meyer have direct, first-hand, experience of researching and teaching in Europe, Asia and North America. This combined experience makes them uniquely qualified to write this textbook, which offers a comprehensive and accessible

introduction to international business that starts from Europe but ultimately encompasses the globe. The text's comprehensive coverage is accessibly arranged around one central question and two core perspectives. The central question is what determines the success and failure of firms around the globe? Institutional and resource-based perspectives are utilized to answer this question. Throughout the text the very latest scholarly research is used to facilitate successful learning of the key concepts, in order to engage students with the historical context and recent global developments. *International Business* has been shortlisted for the 2011/12 CMI Management Book of the Year award in the ebook category. More information about the CMI and the competition can be found here <http://yearbook.managers.org.uk/index5.htm>. *GLOBAL* Springer

This guide will walk you through five definitive moves that will improve business competitiveness! Why? Because you will learn about your organization's current position in the market place, and you will deeply explore the inner workflows and processes of your organization. This will then allow you to discover an untapped treasure trove of valuable data on your resources and capabilities that has not yet been realized or fully exploited. If you're planning a pivot of your organization, or any part of it, your plan, in effect your strategy, is going to be akin to working blind, without the priceless data yielded in these five moves. In fact this strategic model will be extremely useful for any entity planning on pivoting and implementing competitive change, to their status quo. Five moves to checkmate is essential for leaders at all levels, and in all organizations and businesses that seek to attain, or retain their competitive advantage. Five moves to checkmate will also assist University and college educators, as well as students wishing to develop their business knowledge and acumen in strategic studies. What you will learn in 'Five Moves To Checkmate' is the importance of making sure you gather all the relevant external and internal data available to you. This data will then be categorized and deposited into well-known and proven strategic templates. Once these strategic templates are completed, the fifth move will connect all the data into a well-known and widely used master strategic guide. This guide will be highly valuable in aiding your organization to successfully implement a strategic plan, maximizing your competitive advantage and winning your checkmate.

Research Methodology in Strategy and Management

Emerald Group Publishing

A structural overview of the new field of management geography including globalization, embeddedness of MNEs, networking, hybridization, regional economies, technology, acculturation, internationalization, IHRM and implications for management and government.

Global Strategic Management Pearson Australia

This book celebrates the contributions of David B. Audretsch, Distinguished Professor at the School of Public and Environment Affairs (SPEA) at Indiana University (USA), co-founder and co-editor of *Small Business Economics*, and former Director of the Entrepreneurship, Growth and Public Policy Group at the erstwhile Max Planck Institute of Economics (Jena, Germany). For his pioneering work, which explores the links between entrepreneurship, government policy, innovation, economic development, and global competitiveness, he has received the 2001 Global Award for Entrepreneurship Research from the Swedish Foundation for Small Business Research and the 2011 Schumpeter Prize from the University of Wuppertal (Germany). This volume features original contributions from over 50 leading scholars to map, analyze and evaluate the impact of Audretsch's research on a broad spectrum of research fields, ranging from economics to entrepreneurship and geography. The development and evolution of key ideas which have significantly shaped theory and future research across these fields are also explored.

Multinational Enterprises and the Global Economy

World Scientific

The internationalization of emerging economies has brought new perspectives to international business development. Focusing on the extensive impact these emerging economies and firms have had, this volume covers the strong players, such as Brazil, Russia, India and China, as well as dynamically developing economies such as Mexico and the Philippines. The contributors review topics such as the role of institutions and resource dependency on outward foreign direct investment from emerging economies, and the role of the global mindset and psychic distance on the performance of subsidiaries of firms originating from emerging economies. It explores new horizons in international business development and addresses challenging perspectives.

Global Business SAGE
