Penman's book is rapidly becoming THE textbook for MBA courses in fundamental analysis and equity valuation, and rightly so. The approach he suggests just plain makes good economic sense, and he is able to offer a method that allows the users of

financial statements to get to the core of how economic profits are created, and perhaps most importantly, how those profits should be valued.

Financial Statement Analysis Penman Slides

Selected possible predictors are nominated after a survey of financial accounting and financial analysis texts 300 J. A. Ou and S. H. Penman, Financial statement analysis available at the beginning of the sample period. 'Let the data speak' is the motto here: the predictive ability of the financial statement attributes could have been observed by

investors at the end of the estimation period.
