Crashed Realities? explores the lived realities women Pentecostals encounter in male-founded Pentecostal churches. Idumwonyi demonstrates the gender dynamics at play in Nigerian Pentecostalism by exploring the 'drama' that played out in the wake of the nomination of the first woman Pentecostal archbishop in Nigeria and the subsequent attempt to 'erase' her from a significant leadership position and the pages of history. This case underscores how Pentecostalism, which presents as egalitarian, engages in and perpetuates gender disparity, revealing the realities that are crashed every

day. This book further explores the profound ambiguities that result from an underlying commitment to patriarchy, making the calls to inclusivity illogical. In contrast, she proposes the advantages of the Pentecost Experience as favorable background to gender inclusivity and, in turn, human flourishing.
Origin, Constitution, Doctrine and Discipline, of the United Brethren in Christ Thomas More African Pentecostal Theology: Modality, Disciplinarity, and Decoloniality explores research methodology, theological disciplines, and contextualization as important aspects in the process of studying Pentecostal theology in an African context. Mookgo Solomon Kgatle outlines different data collection and data analysis methods, including the skills of interpreting and presenting research findings in a responsible manner. This book illustrates that Pentecostal theology, given its pneumatological approach, goes beyond conventional theological disciplines in transdisciplinary research. The development of knowledge in African Pentecostal Theology should recognize African Indigenous Knowledge Systems

(AIKS), African oral and traditional cultures, and African indigenous languages to be relevant to Africans. Pentecostal theologians from different theological disciplines in Africa and globally will find this book a worthwhile read. *Good Pastors, Bad Pastors* Springer
Called "a pioneer contribution" by Church History when it was first published in 1971, this volume has now been revised and enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world in the last 25 years. *Constitution and Discipline of the Methodist Church* Apa Publications (UK) Limited
At a time when the Evangelical wing of the church is beginning to show some signs of soul searching over the issues of war and peace, the Pentecostals would do well to study their own heritage. Whether they accept or reject their earlier world view, they need to interpret the motivation for their original beliefs and those which they now hold. As people of the word of

God, have Pentecostals altered their pacifistic views as a result of new biblical insights or cultural accommodation? -- From the Introduction

The hope and dream of the creators of these study guides is that all the faithful of the Church--laity, religious, and clergy--become familiar with the Vatican II documents and better equipped to pass on the faith. That all the faithful become better informed ministers of the Church and help animate the world with the Christian Spirit. It is the dream of Pope John XXIII himself. May we recognize that, in the council's work. [Crashed Realities?](#)

In many countries, Pentecostal churches are the fastest-growing Christian group. About one quarter of Christians around the world belong to a Pentecostal or charismatic church. The denominational landscape is thereby changing, also increasingly in Europe. How can a constructive dialogue succeed, which does not ignore critical aspects? This is the guiding question of the orientation aid of the EKD chamber for worldwide ecumenism. To facilitate dialogue, it first introduces the history and typology of the Pentecostal movement and, on the basis of case studies, draws a broad panorama of its cultural forms. A focus of the volume is on the discussion of fundamental theological questions that

arise in conversation with Pentecostal churches. The Constitution of the Presbyterian Church in the United States of America Rowman & Littlefield

The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life. The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity. Nevertheless, public opinion often upbraids church leaders for unethical conduct. Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes, reports of Pentecostal ministerial misconduct appear regularly in the media. Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers, instances of promiscuity, power abuse, financial misappropriation, and superstition reveal a gap between ethical ideals and practice. As this research reveals, factors behind unethical ministerial conduct include inadequate training, poor

accountability, and a general low level of ethical reflection. Good Pastors, Bad Pastors suggests that a multidimensional approach of responsible reportage, emphatic moral education, appropriate but sympathetic response to moral failure, and peer-review accountability could help uphold a higher standard of ministerial ethics.

Many Pentecostal groups have forgotten their legacy of war resistance and doctrinal history opposing killing. To rectify this loss, we have catalogued Holiness and Pentecostal denominational statements on war and peace. Numerous Holiness groups and virtually all early Pentecostal groups had some form of pacifist statement against war. This antiwar collection gives us an almost uniform picture of the early Pentecostal movement as largely pacifist in orientation. The commonality of these statements across both Holiness and Pentecostal

movements is evidence they are a continuous group and not two separate movements. While their early doctrines opposed killing, many named in this book are now widely considered to be stalwarts of the Religious Right, or at least staunch supporters of Christian participation in war. Our hope is that this book will frame the official position of early Pentecostals on war and peace, and encourage Pentecostals today to reflect on their antiwar heritage.

For the past sixty years, the Pentecostal and Charismatic movement has played a major role in Zambia. In

this book, Naar Mfundisi-Holloway explains the history of this development and its impact on civic engagement. She opens a discussion on church-state relations and explains how the church presented a channel of hope in the wake of the HIV/AIDS pandemic, despite having a history that eschewed civic engagement. In fact, the pandemic propelled the church to work alongside the state in the fight against the disease. Using interviews and historical analysis, this book provides valuable insight into how Pentecostal and Charismatic churches have effectively engaged matters of civic concern in Zambia dating from colonial times. Constitution and Discipline of the Methodist Protestant Church Wipf and Stock Publishers Harvey Cox describes Pentecostalism as "the fascinating spiritual child of our time" that has the potential, at the global scale, to

contribute to the "reshaping of religion in the twenty-first century." This study grounds such sentiments by examining at the local scale the origin, development and nature of Pentecostalism in Ireland in its first twenty years. The Rough Guide to Cuba (Travel Guide eBook) Wipf and Stock Publishers Providing both a comprehensive legal overview and practical advice, this is an essential reference work for every pastor, church administrator, and parish council member. The US is the most litigious country in the world. The sex abuse scandal has virtually bankrupted the American Roman Catholic Church. The breakup of the American Episcopal Church threatens innumerable lawsuits over ownership of church property. Every religious community in the US has reason to be concerned about its legal liability. Wrongful dismissal, potential liability for the actions of employees or volunteers, a parishioner slipping on icy church steps... these are just some of the other legal issues that should be of concern to every Christian church and parish community in America.

Recognizing that most people working in the church need guidance when confronting church-related legal issues, lawyers (and long-term church members) David Blaikie and Diana Ginn have adapted their popular Legal Guide for Canadian Churches for the American religious community. This handy reference book takes readers, step by step, through all the legal implications of the daily operation of a church and parish community. Blaikie and Ginn explain different areas of the law, including administrative law, property law, employment law, and civil liability. This book provides a legal context for understanding and responding to relevant legal issues, while at the same time providing answers and directions on specific legal questions. The Legal Guide for Religious Institutions provides a comprehensive legal overview, coupled with practical advice, that will be required reading for every American pastor, church administrator, and parish council member. The Legal Guide for Religious Institutions Wm. B. Eerdmans Publishing Anthony Thiselton's scholarly book The Holy Spirit -- In Biblical Teaching, through the Centuries, and Today was published to wide acclaim in 2013 and received a 2014 Christianity Today Book

Award. This shorter volume makes Thiselton's vast biblical-theological knowledge and brilliant insight more accessible to more readers.

The Communion of Apostolic Churches is a global communion of apostles, prophets, evangelists, pastors and teachers, together with the ministries and churches they represent. It is a worldwide network of networks or ministry spheres, a communion of diverse apostolic jurisdictions of ministers and churches joined together in the Lord Jesus through mutual recognition and voluntary submission for

consultation, cooperation, and accountability of the apostles and elders (the ruling pastors or bishops) who are the spiritual heads or fathers of these governmental spheres. The term apostolic is used by the CAC simply as an adjective to refer to everything that pertains to Jesus the Christ, the Chief Apostle, the Apostles of the Lamb, and the first ascension-gift apostles of the Lord Jesus which has been providentially preserved for God's people in the Canon of the New Testament. While Church councils and creeds have at times been helpful in dealing with various issues and adversaries throughout Church history, councils have also erred; therefore we understand the Canon of both the Old and New Testament Scriptures to be the only true measure of faith and practice for the Church of Jesus Christ. We further believe that the message of the Old Testament patriarchs and prophets has been

unveiled or fulfilled in Jesus Christ, His Kingdom, and His Church, and that the Canon of the New Testament contains the full revelation of these divine mysteries that were entrusted by the Lord Jesus to His original apostles. Thus the CAC is committed to the recovery and restoration of the faith and practice of those first apostles who laid the foundations in the first century for true Apostolic Christianity and for the Apostolic Church.
