From Pentecostal to Episcopalian BRILL

The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life. The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity. Nevertheless, public opinion often upbraids church leaders for unethical

conduct. Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes, reports of Pentecostal ministerial misconduct appear regularly in the media. Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers, instances of promiscuity, power abuse, financial misappropriation, and superstition reveal a gap between ethical ideals and practice. As this research reveals, factors behind unethical ministerial conduct include inadequate training, poor accountability, and a general low level of ethical reflection. Good Pastors, Bad Pastors suggests that a multidimensional approach of responsible reportage, emphatic moral education, appropriate but sympathetic response to moral failure, and peer-review accountability could help uphold a higher standard of ministerial ethics.

The central document of the Second Vatican Council, Lumen Gentium was promulgated by Pope Paul VI on November 21, 1964. This document is "the keystone" of the Councils whole Magisterium. It focuses on the whole Church as a communion of charity. With it, according to John Paul II, the Second Vatican Council wished to shed light on the Church's reality: a wonderful but complex reality consisting of human and divine elements, visible and invisible.

There are few situations in the life of a church that are more disruptive or destructive than the presence of sin in the life of its membership, especially the leadership. Too often we see the presence of sin as a fatal situation. Yet sin, properly dealt with, rather than destroying the church or those involved, may become a catalyst for growth—both for the church body and those involved in whatever sin is present. Christ and the apostle Paul laid out instructions for taking the presence of sin, challenging those involved and

restoring their walk with Christ. Therefore, we must, if we consider ourselves as a spiritual people, resolve to restore those impacted by sin and see them resume their walk with Christ (Gal 6:1).

For the past sixty years, the Pentecostal and Charismatic movement has played a major role in Zambia. In this book, Naar Mfundisi-Holloway explains the history of this development and its impact on civic engagement. She opens a discussion on church-state relations and explains how the church presented a channel of hope in the wake of the HIV/AIDS pandemic, despite having a history that eschewed civic engagement. In fact, the pandemic propelled the church to work alongside the state in the fight against the disease. Using interviews and historical analysis, this book provides valuable insight into how Pentecostal and Charismatic churches have effectively engaged matters of civic concern in Zambia dating from colonial times. Many Pentecostal groups have forgotten their legacy of war resistance and doctrinal history

opposing killing. To rectify this loss, we have catalogued Holiness and Pentecostal denominational statements on war and peace. Numerous Holiness groups and virtually all early Pentecostal groups had some form of pacifist statement against war. This antiwar collection gives us an almost uniform picture of the early Pentecostal movement as largely pacifist in orientation. The commonality of these statements across both Holiness and Pentecostal movements is evidence they are a continuous group and not two separate movements. While their early doctrines opposed killing, many named in this book are now stalwarts of the Religious Right, or at least staunch supporters of Christian participation in war. Our hope is that this book will frame the official position of early Pentecostals on war and peace, and encourage Pentecostals today to reflect on their antiwar heritage. At a time when the Evangelical wing of the church is beginning to show some signs of soul searching over the issues of war and peace, the Pentecostals would do well to study their own heritage. Whether they accept or reject their earlier world view, they need to interpret the motivation for their original beliefs and those which they now hold. As people of the word of God, have Pentecostals altered their

Pentecostal movement and charismatization M.E. Sharpe
The explosive growth of Pentecostalism has radically transformed Latin America's religious landscape within the last half century or so. In a region where Catholicism reigned hegemonic for centuries, the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition, bearing much more resemblance to the United States than to the Iberian motherlands. Furthermore, the fierce competition from Pentecostal churches has inspired significant renewals of Latin American Catholicism, most notably the growth of a Catholic Charismatic

movement. However, another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith. By carefully exploring this diversification, the book at hand breaks new ground in the literature on Latin American Christianity. Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals, faith communities and societies. More specifically, the chapters of the book look into certain transformations of Pentecostalism such as: theological renewals and new kinds of religious competition between Pentecostal churches; a growing political and civic engagement of Pentecostals; an observed de-institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities, composed of multiple intra- and extra-ecclesial points of identification; and the emergence of new generations of Pentecostals (children of Pentecostal parents), many of whom have higher levels of education and higher incomes than the previous generations within their churches. In addition, Catholic responses to Pentecostal competition are

also addressed in several chapters of the book. Rebuilding the Walls TEACH Services, Inc. ". . . not a seminary text book . . . (but) an excellent book which is appropriate for lay preacher preparation, (church) officer training, group study and individual reading . . . a point of view which is highly relevant in today's cafeteria worship." Rev. John B. Rogers, Jr. - Montreat, NC ". . . some really good stuff here. Written to the level of the person who sits in the pew each Sunday, this book speaks to a generation that may rightfully fear for their worship tradition." Rev. Spencer Murray - Shreveport, LA "From Pentecostal to Episcopalian" raises issues which should be of interest to all Christians regardless of worship tradition . . . a useful study guide appropriate for all lay persons." Rev. John Albright - Winnsboro, LA It is a long road which separates Pentecostals from Episcopalians. Yet both denominations - and all the churches in between - claim allegiance to Jesus Christ as Lord and Savior. The worship styles cover the gamut from the free wheeling, spontaneous worship of the "low churches" to the set order of worship of the "high churches" dating back for centuries. All these churches, in some fashion or the other, claim kinship to American Protestantism. Why do Baptist in every worship service extend an invitation to come "and be saved"? Why do Presbyterians and Lutherans seem so staid and rigid? Why do Methodist appeal to "what's in your heart" and why

do Episcopalians seem so much like the Catholics? Why do Pentecostals and non-denominational churches reject the worship traditions of the ancient church? In *From Pentecostal to Episcopalian*, the author traces the development of worship and attempts to provide answers as to why Christianity seems more divided than ever before. John Guice is a teacher in a long line of educators. Having taught Sunday School classes for over forty years, John is also an accomplished lay preacher having filled the pulpit of many of the Presbyterian churches in North Louisiana and South Arkansas. He is in demand as a leader of officer training events in many local churches and has served his denomination at every level of church government. His particular interests are in the fields of theology and church history. In addition, John has served on the mission field in Haiti having most recently gone to Haiti some six weeks after the earthquake. Here on the mission field, he works with Living Waters for the World to install water purification systems for people who desperately need clean water. *Finding the Right Church* Lexington Books In this concise but comprehensive guide to most of the church families in America, you'll find a brief explanation of how each denomination began; a short summary of its teaching on God, the Bible, the church, and other important topics; and a quick overview of some of its distinctive characteristics. *Pentecostal Pacifism* SCM Press This study of the sanctuary aims

to give the reader an overall view of the entire sanctuary, including the earthly and the heavenly sanctuaries, and reaching its climax in the temple eternal, the earthly model as constructed by Moses, being a type or illustration of both the others. It also aims to make plain that the sanctuary symbolizes not only the redemptive work of Christ, but also the Christian experience of each of His followers, and of the church as a whole. *Pentecostal Origins* Our Sunday Visitor Rose Engcoy's insightful study of the life and ministry of Rodrigo "e;Rudy"e; is a legitimate contribution to the historiography of the Pentecostal/Charismatic movement in the Philippines, about which so little has been done. Here, we some valuable insights into the life of one of the six Filipino pioneers of the Assemblies of God church in the Philippines. Esperanza began as a church planter and pastor and later also served as an educator and long-time senior executive in the Assemblies of God in the Philippines. He played a vital role in that church's early success, which brought it to the forefront of the Pentecostal/Charismatic movement in his beloved homeland. Today, the number of Christians is multiplying in the Asia Pacific region and Pentecostals and Charismatics are in the vanguard of that growth.
