Latin American Christianity is too often presented as a unified story appended to the end of larger western narratives. And yet the stories of Christianity in Latin America are as varied and diverse as the lands and the peoples who live there. This book intends to help students and scholars understand the histories of Latin American Christianity.

" . . . not a seminary text book . . . (but) an excellent book which is appropriate for lay preacher preparation, (church) officer training, group study and individual reading . . . a point of view which is highly relevant in today's cafeteria

worship." Rev. John B. Rogers, Jr. - Montreat, NC " . . . some really good stuff here. Written to the level of the person who sits in the pew each Sunday, this book speaks to a generation that may rightfully fear for their worship tradition." Rev. Spencer Murray - Shreveport, LA "From Pentecostal to Episcopalian" raises issues which should be of interest to all Christians regardless of worship tradition . . . a useful study guide appropriate for all lay persons." Rev. John Albright - Winnsboro, LA It is a long road which separates Pentecostals from Episcopalians. Yet both denominations - and all the churches

in between - claim allegiance to Jesus non-denominational churches reject Christ as Lord and Savior. The worship styles cover the gamut from the free wheeling, spontaneous worship of the "low churches" to the set order of worship of the "high churches" dating back for centuries. All these churches, in some fashion or the other, claim kinship to American Protestantism. Why do Baptist in every worship service extend an invitation to come "and be saved"? Why do Presbyterians and Lutherans seem so staid and rigid? Why do Methodist appeal to "what's in your heart" and why do Episcopalians seem so much like the Catholics? Why do Pentecostals and the worship traditions of the ancient church? In From Pentecostal to Episcopalian, the author traces the development of worship and attempts to provide answers as to why Christianity seems more divided than ever before. John Guice is a teacher in a long line of educators. Having taught Sunday School classes for over forty years, John is also an accomplished lay preacher having filled the pulpit of many of the Presbyterian churches in North Louisiana and South Arkansas. He is in demand as a leader of officer training events in many local churches and has served

his denomination at every level of church government. His particular interests are in the fields of theology and church history. In addition, John has served on the mission field in Haiti having most recently gone to Haiti some six weeks after the earthquake. Here on the mission field, he works with Living Waters for the World to install water purification systems for people who desperately need clean water.

The Pentecostal and Charismatic movement is one of the miracles of the 20th century. Without government support, without an advertising campaign, often without the notice of journalists and academics and sometimes in the face of persecution and ridicule, it has spread its message around the world and now attracts in the region of 500 million

people. Many of its original and formative documents are unknown and out of print. This book collects together samples from the writings of key Pentecostals and charismatics going back about 100 years and, over a range of issues and practices, shows how they vary and how they have developed historically. These texts have lain in out of print magazines and archives and, so far as we know, have never been collected before in this way. This book allows you to hear the authentic voice of the Pentecostal and charismatic movements, drawing especially from sources in English.

Worship renewal is now on the agenda of many Reformed churches, as the need for adaptation and new approaches is acutely felt all over. How can the church faithfully worship God in the midst of rapidly changing situations? How can it constructively relate to widely differing cultural contexts? What is its place in the wider ecumenical scene? In preparing a sweeping survey of Reformed worship across time and place, this volume provides some help to those engaged with vital questions like these. Written by theologians and liturgical scholars from a wide range of churches and countries, these chapters explore the history of Reformed worship on every continent from the sixteenth century to the present. Surveying the most significant developments in the growth of Reformed worship, the book identifies the major

"ingredients" that make the Reformed worship tradition distinctive and highlights those aspects of Reformed worship that are particularly relevant to present efforts at renewal. Indeed, an important component of this book is the inclusion of "A Common Reflection on Christian Worship in Reformed Churches Today," the result of a major consultation in January 2001 at the International Reformed Center John Knox. Revealing the rich variety of forms and diversity of perspectives that have made and do make up Reformed worship worldwide, this volume will be a valuable resource for church and worship leaders both in and outside the Reformed family.

Over the past forty years, Canada has become an increasingly secular,

multicultural, and religiously plural society. Indeed, the church in Canada, and Pentecostals in particular, face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit. Like the disciples on the day of Pentecost, however, we need the Holy Spirit to come upon us and liberate us from our post-Christian pessimism. We need the Holy Spirit to enable us to proclaim the gospel to the nations, people that are no longer at the ends of the earth, but making their home in Canada. This book engages this new context, and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post-Christian, multicultural, secular, and religiously plural context of Canadian society.

Pentecostal and Charismatic Movements Wipf and Stock Publishers

During the mid-twentieth century Pentecostal theology was co-opted by fundamentalism and its dispensational brand of millennial eschatology. Fundamentalist dispensationalism not only reinterpreted the original Pentecostal vision of the latter-rain outpouring of the Spirit in the last days but undercut its *raison d'être* as a people empowered by the Spirit of Pentecost to participate in the kingdom of God. Yet eschatology is much broader than twentieth-century dispensationalism, and Pentecostal eschatology is diverse, reflecting the diversity of Pentecostal and Charismatic spiritualities. There is no

one Pentecostal eschatology but many Pentecostal eschatologies. This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements. The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right. Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada Wm. B. Eerdmans Publishing

In many countries, Pentecostal churches are the fastest-growing Christian group. About one quarter of Christians around the world belong to a Pentecostal or charismatic church.

The denominational landscape is thereby changing, also increasingly in Europe. How can a constructive dialogue succeed, which does not ignore critical aspects? This is the guiding question of the orientation aid of the EKD chamber for worldwide ecumenism. To facilitate dialogue, it

first introduces the history and typology of the Pentecostal movement and, on the basis of case studies, draws a broad panorama of its cultural forms. A focus of the volume is on the discussion of fundamental theological questions that arise in conversation with Pentecostal churches.
