Insight Guides Russia (Travel Guide eBook) Wm. B. Eerdmans Publishing
" . . . not a seminary text book . . . (but) an excellent book which is appropriate for lay preacher preparation, (church) officer

training, group study and individual reading . . . a point of view which is highly relevant in today's cafeteria worship." Rev. John B. Rogers, Jr. - Montreat, NC " . . . some really good stuff here. Written to the level of the person who sits in the pew each Sunday, this book speaks to a generation that may rightfully fear for their worship tradition." Rev. Spencer Murray - Shreveport, LA "From Pentecostal to Episcopalian" raises issues which should be of interest to all Christians regardless of worship tradition . . . a useful study guide appropriate for all lay persons." Rev. John Albright - Winnsboro, LA It is a long road which separates Pentecostals from Episcopalians. Yet both denominations - and all the churches in between - claim allegiance to Jesus Christ as Lord and Savior. The worship styles cover the gamut from the free wheeling, spontaneous worship of the "low churches" to the set order of worship of the "high churches" dating back for centuries. All these churches, in some fashion or the other, claim kinship to American

Protestantism. Why do Baptist in every worship service extend an invitation to come "and be saved"? Why do Presbyterians and Lutherans seem so staid and rigid? Why do Methodist appeal to "what's in your heart" and why do Episcopalians seem so much like the Catholics? Why do Pentecostals and non-denominational churches reject the worship traditions of the ancient church? In *From Pentecostal to Episcopalian*, the author traces the development of worship and attempts to provide answers as to why Christianity seems more divided than ever before. John Guice is a teacher in a long line of educators. Having taught Sunday School classes for over forty years, John is also an accomplished lay preacher having filled the pulpit of many of the Presbyterian churches in North Louisiana and South Arkansas. He is in demand as a leader of officer training events in many local churches and has served his denomination at every level of church government. His particular interests are in the fields of theology and church history. In addition, John has served on the mission field in Haiti having most recently gone to Haiti some six weeks after the earthquake. Here on the mission field, he works with Living Waters for the World to install water purification systems for people who desperately need clean water.

Worship renewal is now on the agenda of many Reformed churches, as the need for adaptation and new approaches is acutely felt all over. How can the church faithfully worship God in the midst of rapidly changing situations? How can it constructively relate to widely differing cultural contexts? What is its place in the wider ecumenical scene? In preparing a sweeping survey of Reformed worship across time and place, this volume provides some help to those engaged with vital questions like these. Written by theologians and liturgical scholars from a wide range of churches and countries, these chapters explore the history of Reformed

worship on every continent from the sixteenth century to the present. Surveying the most significant developments in the growth of Reformed worship, the book identifies the major "ingredients" that make the Reformed worship tradition distinctive and highlights those aspects of Reformed worship that are particularly relevant to present efforts at renewal. Indeed, an important component of this book is the inclusion of "A Common Reflection on Christian Worship in Reformed Churches Today," the result of a major consultation in January 2001 at the International Reformed Center John Knox. Revealing the rich variety of forms and diversity of perspectives that have made and do make up Reformed worship worldwide, this volume will be a valuable resource for church and worship leaders both in and outside the Reformed family. Christian Worship in Reformed Churches Past and Present Wm. B. Eerdmans Publishing Latin American Christianity is too often presented as a unified story appended to the end of larger western narratives. And yet the stories of Christianity in Latin America are as varied and diverse as the lands and the peoples who live there. This book intends to help students and scholars understand the histories of Latin American Christianity.

Pentecostalism and

Christian Unity, Volume 2 Our Sunday Visitor
 There are few situations in the life of a church that are more disruptive or destructive than the presence of sin in the life of its membership, especially the leadership. Too often we see the presence of sin as a fatal situation. Yet sin, properly dealt with, rather than destroying the church or those involved, may become a catalyst for growth—both for the church body and those involved in whatever sin is present. Christ and the apostle Paul laid out instructions for taking the presence of sin, challenging those involved and restoring their walk with Christ. Therefore, we must, if we consider ourselves as a spiritual people, resolve to restore those impacted by sin and see them resume their walk with Christ (Gal 6:1).

Pentecostalism in

Over the past forty years, Canada has become an increasingly secular, multicultural, and religiously plural society. Indeed, the church in Canada, and Pentecostals in particular, face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit. Like the disciples on the day of Pentecost, however, we need the Holy Spirit to come upon us and liberate us from our post-Christian pessimism. We need the Holy Spirit to enable us to proclaim the gospel to the nations, people that are no longer at the ends of the earth, but making their home in Canada. This book engages this new context, and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post-Christian, multicultural, secular, and religiously plural context of Canadian society.

In Profit and Punishment, a Pulitzer Prize-winning journalist exposes the tragedy of modern-day debtors prisons, and how they destroy the lives of poor Americans swept up in a system designed to penalize the most impoverished.
"Intimate, raw, and utterly scathing" – Heather Ann Thompson, Pulitzer Prize-winning author of *Blood in the Water*
"Crucial evidence that the justice system is broken and has to be fixed. Please read this book." –James Patterson, #1 New York Times bestselling author As a columnist for the St. Louis Post-Dispatch, Tony Messenger has spent

years in county and municipal courthouses documenting how poor Americans are convicted of minor crimes and then saddled with exorbitant fines and fees. If they are unable to pay, they are often sent to prison, where they are then charged a pay-to-stay bill, in a cycle that soon creates a mountain of debt that can take years to pay off. These insidious penalties are used to raise money for broken local and state budgets, often overseen by for-profit companies, and it is one of the central issues of the criminal justice reform movement. In the tradition of *Evicted* and *The New Jim Crow*, Messenger has written a call to arms, shining a light on a two-tiered system invisible to most Americans. He introduces readers to three single mothers caught up in this system: living in poverty in Missouri, Oklahoma, and South Carolina, whose lives are upended when

minor offenses become monumental financial and personal catastrophes. As these women struggle to clear their debt and move on with their lives, readers meet the dogged civil rights advocates and lawmakers fighting by their side to create a more equitable and fair court of justice. In this remarkable feat of reporting, Tony Messenger exposes injustice that is agonizing and infuriating in its mundane cruelty, as he champions the rights and dignity of some of the most vulnerable Americans. *The Columbia Guide to Religion in American History* Evangelische Verlagsanstalt

The explosive growth of Pentecostalism has radically transformed Latin America's religious landscape within the last half century or so. In a region where Catholicism reigned hegemonic for centuries, the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition, bearing much more resemblance to the United States than to the Iberian motherlands. Furthermore, the fierce competition from Pentecostal churches has inspired significant renewals of Latin American Catholicism, most notably the growth of a Catholic Charismatic movement. However, another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which Pentecostals exercise their faith. By carefully exploring this diversification, the book at hand breaks new ground in the literature on Latin American Christianity. Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals, faith communities and societies. More specifically, the chapters of the book look into certain transformations of Pentecostalism such as: theological renewals and new kinds of religious competition between Pentecostal churches; a growing political and civic engagement of Pentecostals; an observed de-institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities, composed of multiple intra- and extra-ecclesial

points of identification; and the emergence of new generations of Pentecostals (children of Pentecostal parents), many of whom have higher levels of education and higher incomes than the previous generations within their churches. In addition, Catholic responses to Pentecostal competition are also addressed in several chapters of the book.

Transmitting the Spirit in Missions: The History and Growth of the Church of Pentecost

discourses on how Pentecostalism in general has been involved in the current growth, mission, and changing face of global Christianity. It argues that African Pentecostals particularly are an integral part of the global expansion of Christianity in this century.

Specifically, this book engages the history and growth of the Church of Pentecost, an African Pentecostal denomination from Ghana, to demonstrate how African Pentecostals have taken their spirituality into their own hands and planted churches in their home country, as well as other parts of the globe. The focus of this book is that African Pentecostals have achieved this feat through the experiential power and reliance of the Holy Spirit and the indigenous factor. The specific highlight is that this book is an updated analysis of the history, growth, and missions of the Church of Pentecost. Although this work is transformed from a PhD thesis, the content is presented accessibly to both the academia and general church populace, both pastors and the laity.

The central document

of the Second Vatican Council, *Lumen Gentium* was promulgated by Pope Paul VI on November 21, 1964. This document is "the keystone" of the Councils whole Magisterium. It focuses on the whole Church as a communion of charity. With it, according to John Paul II, the Second Vatican Council wished to shed light on the Church's reality: a wonderful but complex reality consisting of human and divine elements, visible and invisible.

This edited book offers an engaging portrait into a vital, religious movement inside this southern Africa country. It tells the story of a community of faith that is often overlooked in the region. The authors include leading scholars of religion, theology, and politics from Botswana and

Zimbabwe. The insights they present will help readers understand the place of Pentecostal Christianity in this land of many religions. The chapters detail a history of the movement from its inception to the present. Chapters focus on specific Pentecostal churches, general doctrine of the movement, and the movement's contribution to the country. The writing is deeply informed and features deep historical, theological, and sociological analysis throughout. Readers will also learn about the socio-political and economic relevance of the faith in Zimbabwe as well as the theoretical and methodological implications raised by the Pentecostalisation of society. The

volume will serve as a resource book both for teaching and for those doing research on various aspects of the Zimbabwean society past, present, and future. It will be a good resource for those in schools and university and college departments of religious studies, theology, history, politics, sociology, social anthropology, and related studies. Over and above academic and research readers, the book will also be very useful to government policy makers, non-governmental organizations, and civic societies who have the Church as an important stakeholder.
