Jesus and John Wayne: How White Evangelicals Corrupted a Faith and Fractured a Nation eBookIt.com  
The first major history of Germany in a generation, a work that presents a five-hundred-year narrative that challenges our traditional perceptions of Germany's conflicted past. For nearly a century, historians have depicted Germany as a rabidly nationalistic land, born in a sea of aggression. Not so, says Helmut Walser Smith, who, in this groundbreaking 500-year history—the first comprehensive volume to go well beyond World War II—challenges traditional perceptions of Germany's conflicted past, revealing a nation far more thematically complicated than twentieth-century historians have imagined. Smith's dramatic narrative begins with the earliest glimmers of a nation in the 1500s, when visionary mapmakers and adventuresome travelers struggled to delineate and define this embryonic nation. Contrary to widespread perception, the people who first described Germany were pacific in temperament, and the pernicious ideology of German nationalism would only enter into the nation's history centuries later. Tracing the significant tension between the idea of the nation and the ideology of its nationalism, Smith shows a nation constantly reinventing itself and explains how radical nationalism ultimately turned Germany into a genocidal nation. Smith's aim, then, is nothing less than to redefine our understanding of Germany: Is it essentially a bellicose nation that murdered over six million people? Or a pacific, twenty-first-century model of tolerant democracy? And was it inevitable that the land that produced Goethe and Schiller, Heinrich Heine and Käthe Kollwitz, would also carry out genocide on an unprecedented scale? Combining poignant prose with an historian's rigor, Smith recreates the national euphoria that accompanied the beginning of World War I, followed by the existential despair caused by Germany's shattering defeat. This psychic devastation would simultaneously produce both the modernist glories of the Bauhaus and the meteoric rise of the Nazi party. Nowhere is Smith's mastery on greater display than in his chapter on the Holocaust, which looks at the killing not only through the tragedies of Western Europe but, significantly, also through the lens of the rural hamlets and ghettos of Poland and Eastern Europe, where more than 80% of all the Jews murdered originated. He thus broadens the extent of culpability well beyond the high echelons of Hitler's circle all the way to the local level. Throughout its pages, Germany also examines the indispensable yet overlooked role played by German women throughout the nation's history, highlighting great artists and revolutionaries, and the horrific, rarely acknowledged violence that war wrought on women. Richly illustrated, with original maps created by the author, *Germany: A Nation in Its Time* is a sweeping account that does nothing less than redefine our understanding of Germany for the twenty-first century.

New York Times Bestseller New York Times Book Review Editors' Choice "An essential and groundbreaking text in the effort to understand how American criminal justice went so badly awry." —Ta-Nehisi Coates, author of *Between the World and Me* In *A Colony in a Nation*, New York Times best-selling author and Emmy Award-winning news anchor Chris Hayes upends the national conversation on policing and democracy. Drawing on wide-ranging historical, social, and political analysis, as well as deeply personal experiences with law enforcement, Hayes contends that our country has fractured in two: the Colony and the Nation. In the Nation, the law is venerated. In the Colony, fear and order undermine civil rights. With great empathy, Hayes seeks to understand this systemic divide, examining its ties to racial inequality, the omnipresent threat of guns, and the dangerous and unfortunate results of choices made by fear.

month -Accurately estimate repair costs on any deal in 15 minutes or less -Identify the ideal property and area to flip houses -Sell your properties in 30 days or less -Renovate a home with no delays even if you have no experience -Select the exact materials and the design to attract the ideal buyer -Organize and maintain a budget -Effectively find and manage the best subcontractors to do all the work -Determine the precise after-repair value (ARV) of any deal -Find unlimited sources of other people's money (OPM) to fund your deals -Put the system and team in place to leverage your time (remove yourself from the model) Finally a practical, easy to follow approach to flipping houses. With dozens of examples and case studies, you finally have the blueprint to make a million dollars a year flipping houses...

[A People and a Nation: A History of the United States](#) Liveright Publishing  
In twenty-two original essays, leading historians reveal the radical impulses at the founding of the American Republic. Here is a fresh, new reading of the American Revolution that gives voice and recognition to a generation of radical thinkers and doers whose revolutionary ideals outstripped those of the "Founding Fathers." While the Founding Fathers advocated a break from Britain and espoused ideals of republican government, none proposed significant changes to the fabric of colonial society. Yet during this "revolutionary" period some people did believe that "liberty" meant "liberty for all" and that "equality" should be applied to political, economic, and religious spheres. Here are the stories of individuals and groups who exemplified the radical ideals of the American Revolution more in keeping with our own values today. This volume helps us to understand the social conflicts unleashed by the struggle for independence, the Revolution's achievements, and the unfinished agenda it left to future generations to confront.

[A People and a Nation: a History of the United States, By Mary Beth Norton and Others](#) W. W. Norton & Company

NEW YORK TIMES BESTSELLER The "paradigm-influencing" book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with "a spiritual badass." As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today's evangelicals might not be theologically astute, but they know their VeggieTales, they've read John Eldredge's *Wild at Heart*, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of "Christian America." Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the "moral majority" backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals' most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, Jesus and John Wayne shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.

## Learning

In this original and important book, Mary Beth Norton's first in more than fifteen years, she looks at the sixteen months during which the traditional loyalists to King George III began their discordant 'discussions' that led to their acceptance of the inevitability of war against the British Empire and to the clashes at Lexington and Concord in mid-April, 1775. Drawing extensively on pamphlets, newspapers, and personal correspondence, Norton reconstructs colonial political discourse as it happened, showing the vigorous campaign mounted by conservatives criticizing congressional actions. But by then it was too late. In early 1775, governors throughout the colonies informed colonial officials in London that they were unable to thwart the increasing power of the committees and their allied provincial congresses. Although the Declaration of Independence would not be formally adopted until July 1776, Americans, even before the outbreak of war in April 1775, had in effect "declared independence" by obeying the decrees of their new provincial governments rather than colonial officials.

"They said what they would do, and we did not listen. Then they did what they said they would do." So ends the first chapter of this brilliantly readable counterfactual novel, reminding us that America's Christian fundamentalists have been consistently clear about their vision for a "Christian Nation" and dead serious about acquiring the political power to achieve it. When President McCain dies and Sarah Palin becomes president, the reader, along with the nation, stumbles down a terrifyingly credible path toward theocracy, realizing too late that the Christian right meant precisely what it said. In the spirit of Philip Roth's *The Plot Against America*, one of America's foremost lawyers lays out in chilling detail what such a future might look like: constitutional protections dismantled; all aspects of life dominated by an authoritarian law called "The Blessing," enforced by a totally integrated digital world known as the "Purity Web." Readers will find themselves haunted by the questions the narrator struggles to answer in this fictional memoir: "What happened, why did it happen, how could it have happened?"

**A People and a Nation, Volume II: Since 1865** Wadsworth

In this "compelling, bighearted, emotionally precise page-turner" (Sunday Times), the New York Times bestselling writer and acclaimed television host explores the aftermath of a tragedy on a small-town to illuminate the shame and longing that can flow through generations—and how the secrets of the heart cannot stay buried forever. It is 1987 and a small Irish community is preparing for a wedding. The day before the ceremony, a group of young friends, including the bride and groom, are involved in an accident. Three survive. Three are killed. The lives of the families are shattered and the rifts between them ripple throughout the small town. Connor survived, but living among the angry and the mourning is almost as hard as carrying the shame of having been the driver. He leaves the only place he knows for another life, taking his secrets with him. Travelling first to Liverpool, then London, he eventually makes a home—of sorts—for himself in New York, where he finds shelter and the possibility of forging a new life. But the secrets—the unspoken longings and regrets that have come to haunt those left behind—will not be silenced. Before long, Connor will have to confront his past. A powerful and timely novel of emigration and return, *Home Stretch* demonstrates Norton's keen understanding of the power of stigma and secrecy—and their devastating effect on ordinary lives.

*A Colony in a Nation* Cram101

President Franklin Roosevelt told Americans in a 1936 fireside chat, "I do not look upon these United States as a finished product. We are still in the making." These United States builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century—an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's promise of democracy a reality for all Americans. In the college edition of *These United States*, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.
