Focus on Personal Finance Simon and Schuster  
Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

*Personal Finance* Mark Twain Media  
For courses in Personal Finance. A Hands-On Approach to Financial Planning The main feature of *Personal Finance* is its hands-on approach keyed to the concepts readers need to build their own financial plans. The text's seven parts are all pieces of a financial plan; Chapter 21 is the capstone. A running example throughout the book and a variety of

end-of-chapter cases reinforce the practical aspects of planning. The Sixth Edition is fully updated with recent financial trends, such as lower interest rates, changing salaries, and rules for credit card use. With case studies and workable examples throughout, this book is an active tool readers can use to become comfortable managing their finances into the future. Also Available with MyFinanceLab™ MyFinanceLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. The Psychology of Money John Wiley & Sons

Focus on Personal Finance is a brief, 14-chapter book, covering the critical topics in Personal Finance courses. This 4-color, paperback text is designed and written to appeal to a range of ages, life situations, and levels of financial literacy. A unique aspect of this text is its active approach. This text will not only get your students thinking about their current situation and financial goals, but also encourage them to put these in writing to use as a guide and revise over the course of their lives. The more a student involves themselves in the assessments, exercises and worksheets provided, the more they will discover about their current habits and how to improve them for greater financial freedom. Students have many different financial goals, but none are more important than having a basic understanding of financial issues and peace of mind with regard to their decisions. The ultimate goal of Focus on Personal Finance is to get students to this point as a first step to achieving the many financial goals they have set for themselves. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Managing Your Personal Finances Guru99

There is increasing pressure for all of us to take responsibility for our own financial security and wellbeing, but we often overlook how the benefits that come with a job can help us do that. Essential Personal Finance: A Practical Guide for Employees focuses on these valuable work benefits and shows how you can build on this important foundation to achieve financial security and your life goals. This unique book explores how making effective and practical use of these work benefits (such as pension scheme, life cover, sick pay, cheap loans, savings schemes and even financial coaching), means facing up to the behavioural biases we are all plagued with. Given that these can get in the way of even the best intentions, Essential Personal Finance tackles these biases head-on with practical ideas and tips for overcoming or harnessing them for good, and will help you to develop a positive and fruitful relationship with your money. With financial stress being a major cause of absenteeism and sick leave, low morale and lost productivity, the advice in this book also offers employers enormous benefits. By empowering employees through financial education and financial awareness, progressive employers will help them feel more in control of their lives, and experience less stress, resulting in higher morale and productivity. Offering a distinctive

approach which combines academic insight with practical financial wisdom and tools, this is a must-have book for all employees. It will help you make the most of everything your job has to offer so you can worry less about money and live life to the full.
