Introduction to Speech Communication Macmillan

In Japan, evidence of the country's Westernization abounds, yet despite appearances, it has remained "uniquely" Japanese. For this reason, the uninformed Westerner doing business there will find it difficult and even frustrating to work with Japanese unless he or she gains a good understanding of Japan and its people. The author draws on his extensive bilingual and bicultural experience to provide readers with an insightful look at many key aspects of doing business with Japan, ranging from initiating and maintaining business contacts, effective interpersonal communication, decision-making styles, negotiation tactics, presentational speaking, working of Japanese multinational companies, and living and working in Japan. Businesspeople, academics, non-academics, students, and others who are interested in learning how to communicate effectively and successfully with Japanese in international business contexts will benefit from the author's sound recommendations and advice.

Principles of Public Speaking PHI Learning Pvt. Ltd.

The Essential Elements of Public Speaking is a concise exploration of the ins and outs of public speaking and makes a clear link between theory and practice—all in only twelve chapters. Listening; speech criticism; selecting speech topics, purposes, and theses; audience analysis; using supporting materials and visual aids; organizing, wording, and delivering speeches; informing and persuading audiences; special occasion speeches; and speaking in small groups. Introductory public speaking. Speechwriting in Perspective Xlibris Corporation  
Public Speaking: An Audience-Centered Approach brings theory and practice together in an understandable and applicable manner. Its distinctive and popular approach emphasizes the importance of analyzing and considering the audience at every point along the way, with marginal icons highlighting audience-related discussions. This model of public speaking serves as a foundation as the text guides students through the step-by-step process of public speaking, focuses their attention on the importance and dynamics of diverse audiences, and narrows the gap between the classroom and

the real world. Book jacket.

The Art of Public Speaking Routledge

A Speaker's Guidebook is the best resource in the classroom, on the job, and in the community. Praised for connecting with students who use and keep it year after year, this tabbed, comb-bound text covers all the topics typically taught in the introductory course and is the easiest-to-use public speaking text available. In every edition, hundreds of instructors have helped us focus on the fundamental challenges of the public speaking classroom. Improving on this tradition, the fifth edition does even more to address these challenges with stronger coverage of overcoming speech anxiety, organizing and outlining, and more. And as the realities of public speaking change, so does A Speaker's Guidebook; the new edition also focuses on presentational speaking in a digital world — from finding credible sources online to delivering presentations in a variety of mediated formats. Read the preface.

The Challenge of Effective Speaking Taylor & Francis

Class-tested by over forty instructors for the past three years, Deanna Sellnow's exciting new textbook provides a contemporary and comprehensive alternative approach to the public speaking process. Reflecting the latest in communication research yet fully focused on the needs of today's students, 'Public Speaking' showcases both innovative and time-tested strategies to help readers learn and apply the skills necessary to become effective public speakers. Unique coverage of "learning styles" as they apply both to the speaker and audience is highlighted and integrated throughout the text. Students are taught how to assess their own learning styles and how to apply their knowledge of different learning styles both to their analysis of audiences and in the presentation of their speeches.

In today's fast-paced era of information technology,

communicating effectively has become an indispensable skill sought after by organizations worldwide. Professionals who possess excellent communication skills are well-equipped to navigate the challenges of the modern professional world, where diverse paths like writing, speaking, reading, and listening converge. This all-encompassing, student-friendly textbook delves into the crucial aspects of technical communication, tailored specifically for students of science and engineering. Divided into two parts, this book provides a complete understanding of the essential skills required to thrive in the realm of technical communication. Part A of the text through in-depth exploration introduces students to the intricacies of drafting business documents, the significance of effective teamwork, and offers remedies to communication breakdown. Furthermore, a dedicated chapter on Advertising sheds light on the art of persuasive communication. Part B focuses on the collective and individual requirements of group communication. With a practical approach, it explores the intricacies of delivering impactful presentations, decoding non-verbal cues, mastering the art of speeches, excelling in interviews, and honing negotiation skills. These skills are essential for young professionals aiming to thrive in new challenges and excel in their careers. This captivating text, now in its Second Edition, features a brand new chapter, Technology in Communication. The chapter highlights the revolutionary role of technology in disseminating fast and efficient information through online platforms. In addition, it also forewarns the disadvantages of technology in communication. Overall, the content emphasizes the transformative role of technology in communication and the need for responsible and mindful usage to maximize its benefits. Primarily intended as a text for undergraduate students of engineering and science, this compact book is also of immense value to the students of business management. In addition, the text would be a handy reference for practicing professionals who wish to hone their communication skills for achieving better results and should prove extremely useful for those involved in everyday communication. Presentation Zen Macmillan

EXCELLENCE IN PUBLIC SPEAKING is specifically designed to give students the skills and confidence they need to prepare and deliver speeches that will make a difference in their careers, their communities, and their personal lives. Beginning with an overview of the fundamentals of public speaking, the text moves through topics and exercises that guide students in preparing, organizing, and

---

presenting a speech. This text has an entire chapter devoted to speech anxiety (Chapter 2) and the special concerns associated with delivering the first speech. Full and excerpted examples of exceptional speeches are given and analyzed to encourage students to learn by example.

*The Responsible Reporter* Macmillan

Communication Works! is an exciting new textbook program that provides real-life scenarios for discussions, case studies, and student worker profiles to help build the skills that the world of work demands.

The Art of Public Speaking Peterson's

This book is designed to help all who wish to improve their understanding and skill in communicating with others. But, more specifically, it is designed for college students who are taking an introductory speech communication course to learn about communication principles, public speaking, and interpersonal and group communication. With this audience in mind, I have drawn on over twenty years of my experience working with students and colleagues, both as a teacher and as the director of a beginning course in speech communication, to create a book that will help students develop practical skills that will serve them throughout their lives.

**The Routledge Handbook of Public Speaking Research and Theory** CreateSpace

*Communicating for Success* Waveland Press

Providing a comprehensive survey of the empirical research, theory, and history of public speaking, this handbook fills a crucial gap in public speaking pedagogy resources and provides a foundation for future research and pedagogical development. Bringing together contributions from both up-and-coming and senior scholars in the field, this book offers a

thorough examination of public speaking, guided by research across six key themes: the history of public speaking; the foundations of public speaking; issues of diversity, equity, and inclusion; considerations of public speaking across contexts; assessment of public speaking; and the future of public speaking in the twenty-first century. The evidence-based chapters engage with a broad discussion of public speaking through a variety of viewpoints to demonstrate how subtopics are connected and fraught with complexity. Contributors explore public speaking in education, business and professional settings, and political contexts, and outline how skills learned through public speaking are applicable to interpersonal, small group, and business interactions.

Reinforcing the relevance, importance, and significance of public speaking in individual, interpersonal, social, and cultural communication contexts, this accessibly written handbook will be an indispensable resource for public speaking instructors and program administrators. It will also be valuable reading for Communication Pedagogy and Introduction to Graduate Studies courses.
