Connie Brockway begins her magnificent Highland trilogy with the tale of a rogue no woman can resist—and a free spirit whose pleasures are strictly forbidden. Restless, daring, proud—they are the Merricks: Ashton, the eldest, the passionate one; Raine, his younger brother, the reckless one; and Fia, their sister, the ravishing one. Born of bad blood, they were raised in the Scottish Highlands on lands that belonged to their mother's kin, the McClairrens—until their English father seized the ancestral stronghold for his own. Yet all are

destined to find loves as wild and glorious as the isle they call home. With a reputation for hell-raising and heartbreaking, Ashton Merrick seemingly cannot be tamed. But family secrets force Ashton to do his ruthless father's bidding—which, in this case, means escorting his missing ward, Rhiannon Russell, back to McClairen's Isle. As a young orphan, Rhiannon never once set eyes on her negligent guardian—but now that she's grown into a delicate beauty, Ashton suspects his father intends to claim her as his fourth wife. What Ashton can never anticipate is the uncontrollable desire Rhiannon ignites in his own wary heart.

The Flame and the Flower Harper Collins
It's surprising what you can find by simply stepping out to look. Award-winning poet Kathleen Jamie has an eye and an ease with the nature and landscapes of Scotland as well as an incisive sense of our domestic realities. In *Findings* she draws together these themes to

describe travels like no other contemporary writer. Whether she is following the call of a peregrine in the hills above her home in Fife, sailing into a dark winter solstice on the Orkney islands, or pacing around the carcass of a whale on a rain-swept Hebridean beach, she creates a subtle and modern narrative, peculiarly alive to her connections and surroundings.

They Said John Wiley & Sons

Indigenous methodologies have been silenced and obscured by the Western scientific means of knowledge production. In a challenge to this colonialist rejection of Indigenous knowledge, Anishinaabe researcher Kathleen Absolon examines the academic work of fourteen Indigenous scholars who utilize Indigenous worldviews in their search for knowing. Through an examination not only of their work but also of their experience in producing that

work, Kaandossiwin describes how Indigenous researchers re-theorize and re-create methodologies. Understanding Indigenous methodologies as guided by Indigenous paradigms, worldviews, principles, processes and contexts, Absolon argues that they are wholistic, relational, inter-relational and interdependent with Indigenous philosophies, beliefs and ways of life. In exploring the ways Indigenous researchers use Indigenous methodologies within mainstream academia, Kaandossiwin renders these methods visible and helps to guard other ways of knowing from colonial repression.
