### ORIGINAL DESCRIPTION

(1961): " ...The rampant lion of Peugeot is really no newcomer to America.

Modern Peugeot fans tend to

date their pleasure from a March day in 1958, when the New York Motor Show opened its doors. A key display, to their way of thinking, was that of Peugeot; these were the first of the renowned 403 models to reach American hands on regular shipment from the French factory. But those " pioneer " buyers who thought themselves the first to recognize a worthy newcomer back in 1958 shouldn ' t take their bows too soon. That year was really Act II in the tale of Peugeot In America. The initial new world conquests carry much earlier datelines. The

lion ' s first invasion dates clear back to 1913, when the Peugeot name was suddenly emblazoned in American motor sports headlines by a French race driver named Jules Goux.... .... If you want a symbol for Peugeot, apart from that golden lion, try a family tree. Both the management and the product draw their special qualities from an unbroken lineage rooted in an era that never even heard of the automobile... "
