'eMarketing eXcellence' offers an exciting new approach to help you build a customer-driven e-business. As the core text for the CIM's E-marketing award, the book offers a highly structured and accessible guide to a critical subject, providing a useful reference point for all students and managers involved in marketing strategy and implementation. A practical guide to creating and executing e-marketing plans, this book combines established approaches to marketing planning with the creative use of new e-models and e-tools. It is designed to support both marketers who are integrating e-marketing into their existing marketing and communications strategies and experienced e-marketers looking to optimise their e-marketing. The book shows how to:

- Draw up an outline e-marketing plan
- Evaluate and apply e-marketing principles & models
- Integrate online and offline communications
- Implement customer-driven e-marketing
- Reduce costly trial and error
- Measure and enhance your e-marketing
- Drive your e-business forward

As the core text for the CIM's new professional E-marketing Award, it provides comprehensive, critical coverage of the key areas of e-marketing planning for marketing professionals. Established marketing concepts such as customer relationship management, the marketing mix and the widely adopted SOSTAC® planning system, are re-examined in the new media context - and new approaches are defined, including business models, traffic building and web site design.

Reading Between the Lines of Corporate Financial Reports Porter Manuals

This book provides a digestible step-by-step guide to reading corporate financial reports, drawing upon real-life case studies and examples of corporate collapses and accounting scandals, and applying practical tools to financial statement analysis. Appealing to a range of practitioners within corporate finance including investors, managers, and business analysts, this book is the first to specifically address the challenges facing those who are not professional accountants and auditors when examining corporate financial reports. Corporate financial reports are used widely by managers, investors, creditors, and government agencies to examine company performance and evaluate potential risks. However, although seemingly an invaluable source of information for managerial decision-making, financial reports are often based on rough simplifications of a very complex reality. With no way of avoiding deliberate manipulations and fraudulent activity, these statements cannot be relied on completely when selecting stocks or evaluating credit risk, and therefore poor analysis can lead to potentially disastrous investment decisions. The author suggests that in order to effectively interpret corporate financial reports, we must 'read between the lines' to accurately assess a company's economic performance and predict its long-term viability.

During the immediate period before World War Two, the RAF modified its command structure to rationalize for rapid expansion. Bomber Command was divided into six operational groups, each flying the same type of aircraft, including Wellingtons, Sterlings, and Lancasters. Chris Ward presents us here with the history of 4 Group Bomber Command, having previously acquainted us with the histories of 3, 5, and 6 Group Bomber Commands in three highly acclaimed volumes, published by Pen and Sword. He continues with characteristic ease, quality of research, and narrative pace, to present us with an operational record of the groups activities during a particularly dramatic period of aviation history. The book contains individual squadron statistics, their commanding officers, stations and aircraft losses. It provides a detailed reference for one of the RAF's most important operational groups.

This new collection, by award-winning poet Noel Monahan searches for identity and belonging, in the shifting shadows of the modern Ireland. The section on sonnets seeks a spiritual uplift out of the darkness and poems written in Irish, with English translations further the quest for meaning. "Chalk Dust", the stunning title poem,

portrays an Irish Catholic boarding school, where sons of strong farmers and rural shopkeepers are placed in the ivory hands of priests, to be educated. This long dramatic prose poem is episodic and follows the calendar of a school year, where trapped male energy erupts, under the strains of collective living and time alone allows the Chalk Dust to settle. Ergonomics teaches how to design technology in such a way that it is optimally adapted to the needs, wishes and characteristics of the user. In this context, the concept of the human-machine system has become established. In a systematic way and with a detailed view of the complicated technical and perceptual psychological and methodological connections, this book explains the basics of automotive ergonomics with numerous examples. The application is shown in examples such as package, design of displays and control elements, of environmental ergonomics such as lighting, sound, vibrations, climate and smell. The design of driver assistance systems from an ergonomic perspective is also a central topic. The book is rounded off by methods of ergonomic vehicle development, the use of mock-ups, driving simulators and tests in real vehicles and prototypes. For the first time, those responsible in the automotive industry and in the field of relevant research are provided with a specialized systematic work that provides the ergonomic findings in the design of today's automobiles. This provides planners and designers of today's automobiles with concrete information for ergonomic product development, enabling them to keep an eye on decisive requirements and subsequent customer acceptance. This book is a translation of the original German 1st edition *Automobilergonomie* by Heiner Bubb, Klaus Bengler, Rainer E. Gr ü nen & Mark Vollrath, published by Springer Fachmedien Wiesbaden GmbH, part of Springer Nature in 2015. The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.
