Mantes la Ville, juin 2013. Découverte du corps de Julien Balare, saxophoniste notoire travaillant dans la prestigieuse usine de fabrication des saxophones Elmes. Qui en voulait à cet homme ? C'est ce que se demande la commissaire Lentier, belle femme dont l'amant travaille dans la même usine. Et quel rapport avec Sonia Legrand, une employée de la même entreprise retrouvée pendue, le lendemain même du meurtre. Les suspects abondent, mais disparaissent tous les uns après les autres. Et s'il y avait une autre histoire derrière ces meurtres et ces disparitions ? C'est ce que vont essayer de découvrir la commissaire et son adjoint, Gilles Gandin, avant que la situation ne s'envenime gravement pour eux.

The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight

percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs. Osteogenesis imperfecta (OI), also known as brittle bone disease, is a genetic disease involving primarily the skeleton but affecting all organ systems. It is an extremely multifarious condition causing frequent fractures and limb and spinal deformity, which can often be severe. While there are described surgical procedures to treat these patients, due to the variety of the deformities and the fragility of the bone, the orthopaedic surgeon is often forced to adapt or modify a plan during an operation to achieve success. Surgical experience with the disease worldwide is often limited and variable, and due to constraints on medical equipment and surgical implants in resource-constrained countries, alternate methods of achieving the similar surgical endpoints are possible. This book will help guide decision-making in surgery using biologic and surgical principles to assist the planning and execution of surgery with available resources. It will then provide the surgeon with background knowledge of the genetic, medical and surgical principles necessary to formulate a comprehensive treatment plan, illustrated by varied and complex patient cases from experienced surgeons and clinicians worldwide. Beginning with an introduction to osteogenesis imperfecta and the general care of the patient, the book is divided into thematic sections covering general surgical considerations, principles of extremity surgery, and surgical cases on the pelvis, upper and lower extremities, and the spine, it will incorporate aspects of surgical decision-making, including cultural and geographic factors, to give a truly global perspective on the care of these complex patients.

A to P is a drama about two brothers, Stan and Topher Martini, who were born in the same year, yet completely different in cast and expectations for their livelihoods. One is aggressive in his task to pillage the particularities of family and social timelines. The other brother is passive in his timeline, melancholy in message, and tormented by regret. The story begins in a small town in Western Pennsylvania where the large Martini family resides and, over a fourteen year period, to the Metropolis of Miami where some of the siblings now live. Stan and Topher are unaware of the inevitable collision course that will lead them to a motel in Miami called The Gateway.
