The Proceedings of the Boston Area Colloquium in Ancient Philosophy are published annually and each volume presents the papers of the colloquia of the year in question with the responses given. "Benevolent Assimilation" Farrar, Straus and Giroux

"American acquisition of the Philippines in 1898 became a focal point for debate on

American imperialism and the course the country was to take now that the Western frontier had been conquered. U.S. military leaders in Manila, unequipped to understand the aspirations of the native revolutionary movement, failed to respond to Filipino overtures of accommodation and provoked a war with the revolutionary army. Back home, an impressive opposition to the war developed on largely ideological grounds, but in the end it was the interminable and increasingly bloody guerrilla warfare that disillusioned America in its imperialistic venture. This book presents a searching exploration of the history of America's reactions to Asian people, politics, and wars of independence." -- Book Jacket

A People's History of the United States Good Press

This comparative study of piracy and maritime violence provides a fresh understanding of European overseas expansion and colonisation in Asia. This title is also available as Open Access on Cambridge Core.

The Modern Review Univ of North Carolina Press
Liliuokalani is a play about the overthrow of the Hawaiian monarchy and the annexation of the Islands by the United States. Playwright Aldyth Morris became intrigued with the story in 1929,

when she came to make her home in the Islands Hawaii had been an American territory for only thirty-one years and its last monarch had been dead for only twelve. But loving memories of Queen Liliuokalani, amounting almost to reverence, were very much alive. Now, after more than sixty years of living in Hawaii, Mrs. Morris has captured the story in dramatic form. Following early years of asking questions and listening to the answers, and of reading books, articles, and diaries, Mrs. Morris saw clearly the story that must be told. She shares it with us, with sensitivity and respect for the characters involved.

American Imperialism in 1898 Yale University Press

Written through the lens of annexation, John Ross traces an unbroken band of conquest through the centuries and shows how World War II, the Cold War, and now the Drug War have bound Mexico tightly as a U.S. client state.

Conditions in the Philippines ... Prabhat Prakashan

A comprehensive overview of the wars that saw the United States emerge as a world power; one that had immense implications for America, especially in Latin America and Asia. • Over 600 alphabetically organized entries in two volumes, covering leading individuals, battles, weapons systems, and events in the United States, Spain, and other nations, as well as economic, cultural, and social topics • Written by expert contributors, with distinguished scholars of American military history and of the era in which the Spanish-American War took place • Over 150 primary-source documents in a separate volume giving readers firsthand access to

the way the Spanish-American War unfolded and was experienced • 350 photographs and illustrations, as well as 16 maps, providing a rich array of images to help readers visualize the war's key events and lasting impact • An exceptionally extensive bibliography guiding readers to significant additional resources in print

Revenue for the Philippine Islands Routledge

When the U.S. liberated the Philippines from Spanish rule in 1898, the exploit was hailed at home as a great moral victory, an instance of Uncle Sam freeing an oppressed country from colonial tyranny. The next move, however, was hotly contested: should the U.S. annex the archipelago? The disputants did agree on one point: that the United States was divinely appointed to bring democracy--and with it, white Protestant culture--to the rest of the world. They were, in the words of U.S. Senator Albert Beveridge, "God's arbiters," a civilizing force with a righteous role to play on the world stage. Mining letters, speeches, textbooks, poems, political cartoons and other sources, Susan K. Harris examines the role of religious rhetoric and racial biases in the battle over annexation. She offers a provocative reading both of the debates' religious framework and of the evolution of Christian national identity within the U.S. The book brings to life the personalities who dominated the discussion, figures like the bellicose Beveridge and the segregationist Senator Benjamin Tillman. It also features voices from outside U.S. geopolitical boundaries that responded to the Americans' venture into global imperialism: among them England's "imperial" poet Rudyard Kipling, Nicaragua's poet/diplomat Rub?n Dar?o,

and the Philippines' revolutionary leaders Emilio Aguinaldo and Apolinario Mabini. At the center of this *dramatis personae* stands Mark Twain, an influential partisan who was, for many, the embodiment of America. Twain had supported the initial intervention but quickly changed his mind, arguing that the U.S. decision to annex the archipelago was a betrayal of the very principles the U.S. claimed to promote. Written with verve and animated by a wide range of archival research, *God's Arbiters* reveals the roots of current debates over textbook content, evangelical politics, and American exceptionalism—shining light on our own times as it recreates the culture surrounding America's global mission at the turn into the twentieth century.

A pathbreaking history of the United States' overseas possessions and the true meaning of its empire
We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico,

Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.

How to Hide an Empire Oxford University Press

A review devoted to the historical statistical and comparative study of politics, economics and public law.

Literary Digest BRILL

"True Version of the Philippine Revolution" by Emilio Aguinaldo. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Pirates of Empire Springer

This book makes a postcolonial reading of the American invasion and colonization of the Philippines in 1898. It considers how nineteenth-century American popular culture, specifically political cartoons and caricatures, influenced American foreign policy. These sources, drawn from several U.S. libraries and archives, show how race and gender ideologies significantly influenced the move of the U.S. to annex the Philippines. The book not only includes a significant collection of political cartoons and caricatures about Filipinos, it also offers an alternative interpretation of the reasons why the U.S. ventured into colonial expansion in Asia.
