Peterson's

This volume collects the papers accepted

for presentation at MIRAGE 2009.

The MIRAGE conference is continuing to

receive international recognition, with this

year's presentations coming from 25

countries despite the large wor- wide

financial crisis. This time Asia submitted far

fewer papers than previously and fewer than

Europe. France proved to be the most active

scientifically with a total of 16 submitted

papers. Germany came second (10

submitted papers) and China third (8

papers). We received a total of 83

submissions and accepted 41 as oral

presentations, over the three-day event. All

papers were reviewed by three to four

members of the Program Committee. The final

selection was made by the Conference Chairs.

At this point, we wish to thank the Program

Committee and additional referees for their

timely and high-quality reviews. We also

thank the invited speakers Luc Van Gool,

Frank Multon and Raquel Urtasun for

kindly accepting to present very interesting

talks. mirage 2009 was organized by inria

Rocquencourt and took place at inria,

Rocquencourt, close to Versailles. We

believe that the conference proved to be a

stimulating experience for all. March 2009

Peterson's Master the Police Officer Exam

prepares readers for the written exam, educates

them on the physical skills they need, and gives

them valuable tips to succeed during their

interview and psychological screening. They will

find an overview of the duties of police officers

and the qualifications required. Test takers can

prepare with five practice tests and comprehensive

review material covering the three types of

questions that appear on the written police

examination: practice judgment, reading-based,

and observation and memory. The guide also

includes indispensable appendixes that give a

comprehensive outline of what to expect once

trainees are accepted into the police academy,

along with a sample physical fitness course.

Peterson's Master the Police Officer Exam helps

readers navigate the police application and

screening process.
