Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

The Qur'an and the Sunnah CBS Publishers & Distributors Pvt Limited, India

For too long now, the Qur'an and the Sunnah, great sources of strength, purity, knowledge and inspiration for the Ummah, have not been adequately tapped. Skirting their peripheries or over-dwelling on one or two of their multifarious facets and tributaries has done a disservice to the immense potential of the fountainhead, while denying the Ummah- indeed the whole world- innumerable benefits from them. Now that the Ummah is becoming increasingly aware of its own problems as well as latent powers, and yearns to revive its leading role in the forging of history and civilization, the issue of drawing on the wellspring becomes more relevant and urgent. Revisiting these two sources is no longer a scholastic, academic, nostalgic, or escapist indulgence, but a great journey of discovery that promises untold rewards. Paradoxically, the journey through the resplendent pages of the Qur'an and the Sunnah to a time and place in the past should yield a more mature awareness of the dynamics of social and historical change and a human being's role on earth, honing and sharpening the Muslims' capacity to deal with the demands of the present moment and the challenges of the future.

Suggestions for a new reading of the Qur'an and the Sunnah have been put forward from Islamic and other angles in the recent years. In this book Dr. Al-Alwani and Dr. Khalil, two well-known Muslim thinkers, contribute their views for a proper approach to these sources from within the Islamic framework.

A unique portrait of one of the creative geniuses of the 20th century, by the distinguished critic David Sylvester. Controversial in both life and art, Francis Bacon was one of the most important painters of the 20th century. His monumental, unsettling images have an extraordinary power to disturb, shock and haunt the spectator, 'to unlock the valves of feeling and therefore return the onlooker to life more violently'. Drawing on his personal knowledge of Bacon's inspirations, intentions and working methods, David Sylvester surveys the development of the work from 1933 to the early 1990s, and discusses critically a number of its crucial aspects. He also reproduces previously unpublished extracts from his celebrated conversations with Bacon in which the artist speaks about himself, modern painters and the art of the past. Finally, Sylvester gives a brief account of Bacon's life, correcting certain errors that elsewhere have been presented as facts. Divided into the sections 'Review', 'Reflections', 'Fragments of Talk' and 'Biographical Note', Looking Back at Francis Bacon is a unique portrait of one of the creative geniuses of our age by a writer of comparable distinction.
