Rising young

Kasher is lucky
to be alive. He
started using
drugs when he
was just 12. At
that point, he
had already
been in
psychoanalysis
for 8 years. By
the time he was
15, he had been
in and out of
several mental
institutions, drifting from
therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California.
That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control—his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction...

Brian and his friends are not part of the cool crowd. They’re the misfits and the troublemakers—the ones who jump their high school’s fence to skip class regularly. So when a deadly virus breaks out, they’re the only ones with a chance of surviving. The virus turns Brian’s classmates and teachers into bloodthirsty attackers who don’t die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian’s sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids
Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won’t be easy, and it will test everything they thought they knew about themselves and their classmates.
