"The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters. Remembering Simplified Hanzi covers the writing and meaning of the 1,000 most commonly used characters in the traditional Chinese writing system, plus another 500 that are best learned at an early stage." "Of critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory. In the Chinese writing system, strokes and simple components are nested within relatively simple characters, which can, in turn, serve as parts of more complicated characters and so on. Taking advantage of this allows a logical ordering, making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process."--BOOK JACKET.

Included in the magnificent pages of the Mira calligraphiae monumenta are two alphabets. Executed by an unknown hand, the first consists of Roman capital letters; the other is Gothic lower-case letters. As with the calligraphy of Bocskay described above, these alphabets were embellished by Joris Hoefnagel, a painter at the court of Rudolf II. In embellishing the alphabets, Hoefnagel employed symbols and heraldic objects--masks, animals, plants, obelisks--to convey the power and greatness of the emperor. An Abecedarium contains the thirty-eight pages from the Mira codex that display Hoefnagel's virtuosity in decorating the alphabets. Calligraphers, graphic artists, and all lovers of beautiful books will delight in Hoefnagel's artistry.

Hearings, Reports and Prints of the Senate Select Committee on Small Business Taenk + TestMira Calligraphiae MonumentaFrom the Library of Emperor Rudolf II : a Complete Facsimile of Europe's Last Great Illuminated Manuscript, Inscribed by Georg Bocskay and Illuminated by Joris HoefnagelThe Origins of GrammarAn Anthropological Perspective The Song of Songs, eight chapters of love lyrics found in the collection of wisdom literature attributed to Solomon, is the most enigmatic book of the Bible. For thousands of years Jews and Christians alike have preserved it in the canon of scripture and used it in liturgy. Exegetes saw it as a central text for allegorical interpretations, and so the Song of Songs has exerted an enormous influence on spirituality and mysticism in the Western tradition. In the Voice of My Beloved, E. Ann Matter focuses on the most fertile moment of Song of Songs interpretation: the Middle Ages. At least eighty Latin commentaries on the text survive from the period. In tracing the evolution of these commentaries, Matter reveals them to be a vehicle for expressing changing medieval ideas about the church, the relationship between body and soul, and human and divine love. She shows that the commentaries constitute a well-defined genre of medieval Latin literature. And in discussing the exegesis of the Song of Songs, she takes into account the modern exegesis of the book and feminist critiques of the theology embodied in the text.

He also spent time on philological and archaeological studies. Disturbed by the direction in which the post Vatican II liturgical reforms have moved, two fictitious representatives of mutually antagonistic movements debate the remedy for "correct" liturgical reform. This unique work presents a debate between a

"traditionalist" who argues for a return to the pre-Vatican II liturgy, and a "reformist" (no liberal himself) who advocates a new liturgical reform more in keeping with what the Council fathers had in mind. They bring to the debate the insights of renowned authorities on the liturgy, including Cardinal Ratzinger, Msgr. Klaus Gamber, Michael Davies, Fr. Brian Harrison and Fr. Aidan Nichols. This book is written for anyone interested in the Church's liturgy, and the controversies surrounding the liturgical renewal. It is both a primer for those who lack the theological and liturgical expertise to articulate their dissatisfaction with the state of the liturgy, and an excellent resource for those specialists who would appreciate having a single volume for consulting salient points from numerous authorities.
