[Philosophical Investigations | work by Wittgenstein](#)

Ludwig Wittgenstein's Philosophical Investigations presents his own distillation of two decades of intense work on the philosophies of mind, language and meaning. When first published in 1953, it immediately entered the centre of philosophical debate, and achieved a classic status it has retained ever since.

SparkNotes: Ludwig Wittgenstein (1889–1951): Philosophical ...

One of Wittgenstein's primary targets in the *Philosophical Investigations* is the language of psychology. We are tempted to think that words like understanding, meaning, thinking, intending, and the like denote mental states or processes. Wittgenstein conducts what he calls a "grammatical investigation," looking closely at the way these words are used to show that the criteria we use for judging whether someone has, for example, understood how to play chess have nothing to do with that ...

Ludwig Wittgenstein - Wikipedia

The *Tractatus* is based on the idea that philosophical problems arise from misunderstandings of the logic of language, and it tries to show what this logic is. Wittgenstein's later work, principally his *Philosophical Investigations*, shares this concern with logic and language, but takes a different, less technical, approach to philosophical problems.

[Ludwig Wittgenstein \(Stanford Encyclopedia of Philosophy\)](#)

Wittgenstein's method is to lead us out of philosophical thought by questioning the basic assumptions that lead us into philosophical thought. These impulses are as present in Plato or Aristotle as they are in Russell, Frege, or any of Wittgenstein's contemporaries.

Philosophical Investigations - Wikipedia

In the posthumous *Philosophical Investigations* (1953), Wittgenstein

advocated that, in solving philosophical problems, an understanding of how language is used is more important than its abstract meaning (i.e., the context in which a sentence is uttered may be more useful in determining its meaning than its innate semantic...

philosophical investigations by ludwig wittgenstein translated by. g. e. m. anscombe. basil blackwell. ...

Wittgenstein, Ludwig | Internet Encyclopedia of Philosophy

If you read first Wittgenstein's *Tractatus*, and then follow it with his *Philosophical Investigations*, you will treat yourself to perhaps the most fascinating intellectual development in the history of philosophy. Wittgenstein has the distinct merit of producing, not one, but two enormously influential systems of philosophy—systems, moreover, that are at loggerheads with one another.

Philosophical Investigations by Ludwig Wittgenstein (2009 ...

It is the later Wittgenstein, mostly recognized in the *Philosophical Investigations*, who took the more revolutionary step in critiquing all of traditional philosophy including its climax in his own early work. The nature of his new philosophy is heralded as anti-systematic through and through, yet still conducive to genuine philosophical understanding of traditional problems.

While the title of Agassi's book suggests that his main focus is the *Philosophical Investigations*, this is somewhat misleading, as only three of the book's 13 chapters focus on it. By contrast, Agassi devotes seven chapters to background on Wittgenstein, and one chapter each to Wittgenstein's early and middle periods.
