The philosophy of law is one of the few fields of philosophy that have remained legitimate in the sense that practical questions and contemplations are not eschewed. Too often philosophical debate wanders into conceptual hallways that could best be described as mazes, but one cannot get to their centers even with keeping one hand on the wall.

2. Legal positivism - Very Short Introductions

Philosophy of law. Lecturer in Jurisprudence, Sydney Law School, University of Sydney. Philosophy of law, also called jurisprudence, branch of philosophy that investigates the nature of law, especially in its relation to human values, attitudes, practices, and political communities. Traditionally, philosophy of law proceeds by articulating and defending propositions about law that are general

and abstract—i.e., that are true not of a specific legal system at a particular time (e.g., the ...

Philosophy of law: A very short introduction (Updated New Edition) Wacks, Raymond. Law is at the heart of every society, protecting rights, imposing duties, and establishing a framework for the conduct of almost all social, political, and economic activity. Despite this, the law often seems a highly technical, perplexing mystery, with its antiquated and often impenetrable jargon,

obsolete procedures, and endless stream of complex statutes and legislation. Philosophy of law: A very short introduction (Updated New ... ...
The core of legal positivism is the view that the validity of any law can be traced to an objectively verifiable source. Legal positivism rejects the view — held by natural lawyers — that law exists independently from human enactment. Access

to the complete content on Very Short Introductions online requires a subscription or purchase. *Philosophy of Law: A Very Short Introduction: Edition 2* by ...

The legal system lies at the heart of any society, protecting rights, imposing duties, and establishing a framework for the conduct of almost every social, political, and economic activity. Punishing offenders, compensating the injured, and enforcing agreements are merely some of the tasks of a modern legal system.

The concept of law lies at the heart of our social and political

life, shaping the character of our community and underlying issues from racism and abortion to human rights and international war. But what actually is law? A set of naturally occurring moral principles, or simply rules agreed by a particular society?
