Philosophy of Law: A Very Short Introduction - Raymond ...

Philosophy of law. Lecturer in Jurisprudence,

---

Sydney Law School, University of Sydney.

Philosophy of law, also called jurisprudence, branch of philosophy that investigates the nature of law, especially in its relation to human values, attitudes, practices, and political communities. Traditionally, philosophy of law proceeds by articulating and defending propositions about law that are general and abstract—i.e., that are true not of a specific legal system at a particular time (e.g., the ...

[Amazon.com: The Philosophy of Law: A Very Short ...](#)

The philosophy of law is one of the few fields of philosophy that have remained legitimate in the sense that practical questions and contemplations are not eschewed. Too often philosophical debate wanders into conceptual hallways that could best be described as mazes, but one cannot get to their centers even with keeping one hand on the wall.

- Very Short ...

The legal system lies at the heart of any society, protecting rights, imposing duties, and establishing a framework for the conduct of almost every social, political, and economic activity. Punishing offenders, compensating the injured, and enforcing agreements are merely some of the tasks of a modern legal system.

*Philosophy Of Law A Very*

---

The core of legal positivism is the view that the validity of any law can be traced to an objectively verifiable source. Legal positivism rejects the view — held by natural lawyers — that law exists independently from human enactment.
