Popular religion in village India is overwhelmingly dominated by goddess worship. Goddesses can be nationally well-known like Durga or Kali, or they can be an obscure deity who is only known in a particular rural locale. The origins of a goddess can be both ancient—with many transitions or amalgamations with other cults having occurred along the way—and very recent. While some have tribal origins, others sprout up overnight due to a vivid dream. Inventing and Reinventing the Goddess: Contemporary Iterations of Hindu Divinities on the Move looks at the nature of how and why goddesses are invented and reinvented historically in India and how social hierarchy, gender differences, and modernity play roles in these emerging religious phenomena.

The birthplace of Mahatma Gandhi and the land that produced Mohammad Ali Jinnah, the founder of Pakistan, Gujarat has been at the centre-stage of South Asia ' s political iconography for more than a century. As Gujarat, created as a separate state in 1960, celebrates its golden jubilee this collection of essays critically explores the many paradoxes and complexities of modernity and politics in the state. The contributors provide much-needed insights into the dominant impulses of identity formation, cultural change, political mobilisation, religious movements and modes of communication that define modern Gujarat. This book touches upon a fascinating range of topics – the identity debates at the heart of the idea of modern Gujarat; the trajectory of Gujarati politics from the 1950s to the present day; bootlegging, the practice of corruption and public power; vegetarianism and violence; urban planning and the enabling infrastructure of antagonism; global diasporas and provincial politics – providing new insights into understanding the enigma of Gujarat. Going well beyond the boundaries of Gujarat and engaging with larger questions about democracy and diversity in India, this book will appeal to those interested in South Asian Studies, politics, sociology, history as well as the general reader. This book was published as a special issue of

South Asian History and Culture.
