Physical Education Standards Model Research Paper

One topic is the lifelong importance of physical activity and how it can lower the risk of disease. This can be a particularly important topic for a student planning to teach elementary physical education. The paper can include research that suggests that the earlier students learn about health, the healthier they are later in life.

Types of Research | Educational Research Basics by Del Siegle

The research reported does not have to be

comparative (in the sense of comparing aspects of education in different countries or cultures); a paper may report research carried out in just one location or cultural setting. Work can be drawn from any context or research paradigm.
