Geometric Methods in Physics XXXV

Carson-Dellosa Publishing

This book features a selection of articles based on the XXXV Biennial Workshop on Geometric Methods in Physics, 2016. The series of Biennial workshops, attended by a community of experts at the crossroads of mathematics and physics, is a major annual event in the field. The works in this book, based on presentations given at the workshop, are previously unpublished, at the cutting edge of current research, typically grounded in geometry and analysis, and with applications to classical and quantum physics. In 2016 the special session "Integrability and Geometry" in particular attracted pioneers and leading specialists in the field.

Traditionally, the Biennial Workshop is followed by a School on Geometry and Physics, for advanced graduate students and early-career researchers, and the book also includes extended abstracts of the lecture series.
