Physics in Minutes by Giles Sparrow - Books-A-Million

The book is written by Giles Sparrow, who studied Astronomy at Imperial College in London, the top engineering school in the UK. I happened upon errors in the book's explanation of Waves and Resonance - the book confuses the physics term "harmonic" with the musical term "overtone." The book numbers harmonics as if they were overtones.

Physics in Minutes on Apple Books

Giles Sparrow has an excellent grasp of the whole field of physics and has a good way of summarising information whilst at same time making the reader think. It's a great book for dipping into when you have a few spare minutes....more Jan 12, 2019 Amirhossian rated it liked it
