The CBSE has made certain
changes in the assessment
structure from the session
2019-20 onwards. In the new
scheme of examination, CCE and
term system has been replaced
with the Internal Assessment &
Single Annual Exam by CBSE
itself. Single exam conducted by
CBSE will carry 80 marks
whereas 20 marks are left to the
schools for internal assessment.
CBSE has issued detailed

guidelines on how the internal
marks will be divided among
different activities. From 2019
onwards, there will be internal
choices in board examinations
with increased internal options in
the question paper. Considering
this change, now a student has to
prepare accordingly for board
examinations. The new
assessment format brought with it
excitement as well as anxiety. And
to help them prepare and excel in
their CBSE board examination,
Career Point Kota has developed
a series of 10 Most Likely
Question Papers with Solutions.
The Key Features of Most Likely
Question Papers with Solutions
Series : New OBJECTIVE TYPE
question in each paper. Syllabus

of CBSE 2019-20. Based on the
latest CBSE Syllabus & Pattern.
Mind map of each chapter is given
to visualize and help acquire a
better understanding. Important
terms, facts, formulae and quick
revision tips are given. Covers
questions asked in previous year
board exams. Toppers Answer
Sheet as released by CBSE to
understand the scoring technique.
We hope this book will gratify
students ' need for the new
CBSE pattern board exam and
smoothen their path to success.
We wish to utilize the opportunity
to place on record our special
thanks to all the members of the
