[Mayron Cole Piano Method Pre-Primer Level Teacher's Manual](#) Independently Published

Haynes manuals are now being published on a wide range of subjects, including musical instruments – and here comes coverage of one of the most popular and versatile instruments of all. This manual explains the essentials of buying a piano before moving on to the meat of the book – the care and maintenance of a piano. A trouble-shooting section explains how to check condition and diagnose common piano ailments, and then three maintenance chapters follow, detailing different levels. The 'easy' section covers routine tasks that anyone can and should do; 'moderate' looks at maintenance and repair that someone with good DIY skills can achieve; and 'advanced' covers work that is usually best left to professionals but that it's nonetheless good to know about.

[Musical News](#) Hal Leonard Corporation

Enthusiastic response from music educators and teachers greeted the publication in 1968 of the first volume in the Classics to Moderns series. Since then, as additional titles were added, the series has won widespread praise and universal acceptance by both teachers and students as a valuable and unique library of piano materials. All those interested in the literature for the piano have been well served by Denes Agay's intelligent compilations and by his judicious editing. The series set a new high standard for piano teaching materials and is distinguished by an editorial approach that remains faithful to the composer's intentions.
