The result of twenty
years of searching out
and recording ancient
designs on rocks in
Oregon and
Washington,
Pictographs and
Petroglyphs of the
Oregon Country is
now in a convenient,
one-volume edition.
The authors, Malcolm
and Louise Loring,
began their
monumental task in
the early 1960s as
members of the
Oregon
Archaeological Society
committee dedicated
to surveying and
recording rock art.
Soon finding
themselves a
committee of two, they
soldiered on with the
monumental task of
cataloging and
illustrating rock art of
the region. After
Malcolm retired from
the US Forest Service
in 1963, he and Louise

began a full-time effort to record the sites. For many of these sites, this volume is the only record. Part I describes sites in Washington along the Columbia River and sites in northern and central Oregon. Part II contains sites in southern Oregon, Idaho, and Nevada.
