Draw the Line Little, Brown Books for Young Readers  
Ella Mae is used to wearing her cousin's hand-me-down shoes—but when her latest pair is already too tight, she's thrilled at the chance to get new shoes. But at the shoe store, Ella Mae and her mother have to wait until there are no white customers to serve first. She doesn't get to try anything on, either—her mother traces her feet onto a sheet of paper, and the salesman brings them a pair he thinks will fit. Disappointed by her treatment, Ella Mae and her cousin Charlotte hatch a plan to help others in their community find better-fitting shoes without humiliation. Eric Velasquez' realistic oil paintings bring life to this story of a young girl's determination in the face of injustice. The book includes an author's note from Susan Lynn Meyer, discussing the historical context of the story and how the Civil Rights Movement worked to abolish unfair laws like the ones Ella Mae encounters. A 2016 NAACP Image Award Nominee, and a Jane Addams Children's Book Award winner.

Getting to Yes National Council of Teachers

An irrepressible new girl dethrones the reigning recess bully by becoming her friend in this infectious playground romp. Mean Jean was Recess Queen and nobody said any different. Nobody swung until Mean Jean swung. Nobody kicked until Mean Jean kicked. Nobody bounced until Mean Jean bounced. If kids ever crossed her, she'd push 'em and smoosh 'em. Lollapalooosh 'em, hammer 'em, slammer 'em. Kitz and kajammer 'em. Until a new kid came to school! Parents and teachers will appreciate the story's deft handling of conflict resolution (which happens without adult intervention). "A lively story about the power of kindness and friendship" --

Publishers Weekly "A lighthearted look at a serious topic in schools and on playgrounds everywhere..." -- School Library Journal "Great for reading aloud and joining in." -- Booklist

**The Barnyard Buddies STOP for Peace** Roaring Brook Press Peace Parks examines ways in which environmental cooperation in multijurisdictional conservation areas may help resolve political and territorial conflicts. Its analysis and case studies of transboundary peace parks focus on how sharing of physical space and management responsibilities can build and sustain peace among countries. It examines roles played by governments, military, civil society, scientists, and conservationists, and their effects on both ecological management and potential for peace-building in these areas. After an historical and theoretical overview that explores economic, political, and social theories that support peace parks concept, and discussion of bioregional management for science and economic development, the book presents case studies of existing parks and proposals for future parks--Publisher's description.

**The Fort** ReadHowYouWant.com

This book introduces Root Narrative Theory, a new approach for narrative

analysis, decoding moral politics, and for building respect and understanding in conditions of radical disagreement. This theory of moral politics bridges emotion and reason, and, rather than relying on what people say, it helps both the analyst and the practitioner to focus on what people mean in a language that parties to the conflict understand. Based on a simple idea—the legacy effects of abuses of power—the book argues that conflicts only endure and escalate where there is a clash of interpretations about the history of institutional power. Providing theoretically complex but easy-to-use tools, this book offers a completely new way to think about storytelling, the effects of abusive power on interpretation, the relationship between power and conceptions of justice, and the origins and substance of ultimate values. By locating the source of radical disagreement in story structures and political history rather than in biological or cognitive systems, Root Narrative Theory bridges the divides between reason and emotion, realism and idealism, without losing sight of the inescapable human element at work in the world's most devastating conflicts. This book will be of much interest to students of conflict resolution, peace studies and International Relations, as well as to practitioners of conflict resolution.
