"It's impossible not to be moved." —Stephen King, The New York Times Book Review "Riveting, tender, and timely." —People, Book of the Week "Thought-provoking, heart-wrenching . . . I was so invested in the future of this mother and son, and I can't wait to hear what you think of this deeply suspenseful story!" —Reese Witherspoon (Reese's Book Club Pick) Twelve-year-old Bird Gardner lives a quiet existence with his loving father, a former linguist who now shelves books in a university library. His mother Margaret, a Chinese American poet, left without a trace when he was nine years old. He doesn't know what happened to her—only that her books have been banned—and he resents that she cared more about her work than about him. Then one day, Bird receives a mysterious letter containing only a cryptic drawing, and soon he is pulled into a quest to find her. His journey will take him back to the many folktales she poured into his head as a child, through the ranks of an underground network of heroic librarians, and finally to New York City, where he will finally learn the truth about what happened to his mother, and what the future holds for them both. Our Missing Hearts is an old story made new, of the ways supposedly civilized communities can ignore the most searing injustice. It's about the lessons and legacies we pass on to our children, and the power of art to create change.

In 1961, Richard Goldstein saw Bob Dylan perform for the first time at Carnegie Hall. Rock music was in its infancy, and revolution was in the air. Criticism of the genre didn't yet exist but, as it began to change music and politics for ever, the serious discussion of rock became a thriving institution. Aged just twenty-two in 1966, and the first rock critic in New York, Goldstein became a pivotal figure in the industry. Forging close relationships with huge names – Jim Morrison, Brian Wilson and Janis Joplin to name just three – his life became a whirlwind of politics, sex and rock and roll. Another Little Piece of My Heart is an unparalleled document of rock and revolution.
