PUBLIC HOUSING OCCUPANCY GUIDEBOOK | HUD.gov / U.S ...
Monitoring and evaluation (M and E) are indispensable components of effective program management. M and E are used for decision-making, to assess and improve the care that patients receive, to share effective practices, and to advocate for unmet needs in the target population. Program managers often face difficult choices with regard to where they should focus their M and E efforts.
Improving outcomes with Unit 7

community health workers

Proper attention to legal matters from the start of your organization's existence will help facilitate your work and will lay the foundation for legitimate and transparent operations. These efforts will help you secure important legal protections for your patients, your staff, and the organization as a whole. The unit describes how an understanding of the laws where your work can lend ...

PIH PROGRAM MANAGEMENT GUIDE LIBRARYDOC66 PDF

A community health worker (CHW) program can significantly improve health outcomes, particularly for the poorest members of the community. In PIH's accompaniment model of care, patients can build a trusting relationship with a CHW who will accompany them in solidarity through their journey back to health. In addition to direct accompaniment, CHW programs can provide a broad range of other ...
