From Jezebel.com, the popular website for women, comes a must-read encyclopedic guide to pop culture, feminism, fashion, sex, and much more. Within months of Jezebel's May 2007 appearance on the new media scene, fans of the blog began referring to themselves as "Jezzies" in comment threads and organizing reader meet-ups in cities all over the world. By 2008, the devotion of the self-appointed Jezzies reached such a fever pitch that the New York Times ran a feature story about them and parody blogs and copycat websites began popping up right and left. With contributions from the writers and creatives who give the site its distinctive tone and broad influence, The Book of Jezebel is an encyclopedia of everything important to the modern woman. Running the gamut from Abzug, Bella and Baby-sitters Club, The to Xena, Yogurt, and Zits, and filled with entertaining sidebars and arresting images, this is a must-read for the modern woman.

The pimp has reached nearly mythical status. We are fascinated by the question of how a guy from the ghetto with no startup capital and no credit -- nothing but the words out of his mouth -- comes not only to have a stable of sexy women who consider him "their man," but to drive a Rolls, sport diamonds, and wear custom suits and alligator shoes from Italy. His secret is to follow the "unwritten rules of the game" -- a set of regulations handed down orally from older, wiser macks -- which give him superhuman powers of charm, psychological manipulation, and persuasion. In Pimpology, star of the documentaries Pimps Up, Ho's Down and American Pimp and Annual Players Ball Mack of the Year winner Ken Ivy pulls a square's coat on the unwritten rules that took him from the ghetto streets to the executive suites. Ken's lessons will serve any person in any interaction: Whether at work, in relationships, or among friends, somebody's got to be on top. To be the one with the upper hand, you've got to have good game, and good game starts with knowing the rules. If you want the money, power, and respect you dream of, you can't just "pimp your ride," you need to pimp your whole life. And unless you've seen Ray Charles leading Stevie Wonder somewhere, you need Ken's guidelines to do it. They'll reach out and touch you like AT&T and bring good things to life like GE. Then you can be the boss with the hot sauce who gets it all like Monty Hall

The Organik Guide to Financial Freedom PIMPOLOGY The 48 Laws of the Game

Is gluttony just being an overly eager eater, and is it related to being obese? Gluttony comes in many forms, and many people don't realize they are partakers of this deadly sin. If they would, however, their lives would be more enjoyable, and their actions more selfless. How addicting is food? Is gluttony related to food alone, or does it go deeper than controlling eating habits? Do the Scriptures talk about gluttony, or is it one of those things we made up after the Bible was put together? How does God look at gluttony, and where are the boundaries? These and many other questions will be answered in this book about one of the seven deadly sins. Gluttony has been mistaken for many things in the past. Some people judge others for being fat. Some are confused as to how far to go when indulging themselves in delicious foods. And others wonder if self-discipline in general is the underlying commandment that is related to the sin of gluttony. In this book, you will learn about topics such as: The very definition of gluttony, to describe boundaries and debunk the myths that are out there The five different ways to commit the sin of gluttony, according to the religious philosopher, Thomas Aquinas A discussion about Jesus' first temptation in the desert and what we can learn from it Examples and stories from holy writ related to gluttony and a lack of self-control of bodily appetites The dangers of gluttony and extreme examples of people who raged or killed over food How to get better at controlling your bodily urges Why hunger or appetite is often related to complaining, and how to stop it How to be forgiven, even when you have sinned atrociously Gluttony is one of those sins that is often overlooked. However, understanding the sin, and the essence of it, can be life-changing.

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

In this landmark exploration of how male anxiety has come to define our political culture, Stephen J. Ducat shows the link between the desperate macho strutting of male politicians, the gender gap in voting behavior, and fundamentalist holy wars. He argues that a direct association exists between the magnitude of a man's femiphobia-that is, his terror of being perceived as feminine-and his tendency to embrace right-wing political opinions. From the strenuous efforts by handlers to counter George H. W. Bush's "wimp factor" to the swaggering arrogance that led to the moral and military quagmire in U.S.-occupied Iraq, anxious masculinity has been a discernible subtext in politics. Ducat shows how this anxiety has been an underlying force in public life throughout the history of Western culture, and also explores why and how certain political issues get gendered. Analyzing various aspects of popular culture and drawing on pioneering research on the gender gap, The Wimp Factor is a fascinating exposé that will alter our understanding of contemporary politics.

They are America's forgotten children, the hundreds of thousands of child prostitutes who walk the Las Vegas Strip, the casinos of Atlantic City, the truck stops on interstates, and the street corners of our cities. Many people wrongly believe sex trafficking involves young women from foreign lands. In reality, the majority of teens caught in the sex trade are American girls--runaways and throwaways who become victims of ruthless pimps. In *Somebody's Daughter: The Hidden Story of America's Prostituted Children and the Battle to Save Them*, meet the girls who are fighting for their dignity, the cops who are trying to rescue them, and the community activists battling to protect the nation's most forsaken children. Author Julian Sher takes you behind the scenes to expose one of America's most underreported crimes: A girl from New Jersey gets arrested in Las Vegas and, at great risk to her own life, helps the FBI take down a million-dollar pimping empire. An abused teenager in Texas has the courage to take the stand in a grueling trial that sends her pimp away for 75 years. Survivors of the sex trade in New York, Phoenix, and Minneapolis set up shelters and rescue centers that offer young girls a chance to break free from the streets. &"The sex trade is the new drug trade,&" says one FBI special agent, and *Somebody's Daughter* is a call to action, shining a light on America's dirty little secret.

The Book of Jezebel Simon and Schuster

The 48 Laws of Power was written by Robert Greene and first published in 1998. It is often praised as one of the best books to read if you want to get ahead in life. This got me to thinking, "why isn't there anything like this for our community?" We have a lot of people talking about what we need to do, what we should do, and what we could do as a community, but nothing concrete that we could all sit down with, learn from, and relate to on an individual level. The 48 Laws of Black Empowerment was written to bridge the gap between individual action and a united black community. This book is broken down into six areas of importance to the black community. 1. Personal 2. Family 3. Finance 4. Community 5. Philanthropy 6. Activism Working to individually improve ourselves in these areas will automatically result in a shift in black community consciousness. While *The 48 Laws of Power* is a great book, it just wasn't written with our community or needs in mind. The 48 Laws of Black Empowerment is about cultivating success in business and life, while also helping our friends, family and community succeed with us.

Wright never wanted to play basketball, yet standing more than seven feet tall even as a boy, he thought he had no choice.
