A collection of classic essays by legendary sports journalist Mark Kram, Great Men Die Twice covers Muhammad Ali and Joe Frazier, George Best, Cool Papa Bell, and other memorable subjects. Imagine Mad Men set not in the advertising world but at 1960s Sports Illustrated, a place where the finest sports staff of any generation was attended by an open bar and almost unlimited expense account. This was the world Mark Kram lived and wrote in, along with his peers including Frank Deford, Dan Jenkins and other major talents. A high school graduate with a gift for revealing the hearts of his subjects, Kram would become one of the greatest sports writers of all time, covering the famed rivalry between Muhammad Ali and Joe Frazier, Negro League baseball star Cool Papa Bell, doomed soccer legend George Best, Olympic gold medal sprinter Edwin Moses, and others. The New York Times obituary of Kram in June, 2002 saluted his work in SportsIllustrated by calling him one of its "most lyrical writers of the 1960s and 1970s." Great Men Die Twice selects his best work with a moving introduction by his son, Mark Kram Jr., the PEN/ESPN Award-winning author of Like Any Normal Day.

What was it about Bob Marley that made him so popular in a world dominated by rock 'n' roll? How is it that he not only has remained the single most successful reggae artist ever, but also has become a shining beacon of radicalism and peace to generation after generation of fans? The man who introduced reggae to a worldwide audience, Marley was a hero figure in the classic, mythological sense. From immensely humble beginnings, with talent and religious belief his only weapons, the Jamaican recording artist applied himself with unstinting perseverance to spreading his prophetic musical message across the globe. In 1980, on tour, Bob Marley and the Wailers played to the largest audiences a musical act had ever experienced in Europe. Less than a year later, Marley would die, only thirty-six years old. Sales of Marley's albums before his death were spectacular; in the years since he died, they have been phenomenal. Chris Salewicz, the bestselling author of Redemption Song, the classic biography of Joe Strummer, interviewed Bob Marley in Jamaica in 1979. Now, for the first time, in this thorough, detailed account of Marley's life and the world in which he grew up and which he came to dominate, Salewicz brings to life not only the Rastafari religion and the musical scene in

Jamaica, but also the spirit of the man himself. Interviews with dozens of people who knew Marley and have never spoken before are woven through the narrative as Salewicz seeks to explain why Marley has become such an enigmatic and heroic figure, loved by millions all over the world.

In fascinating detail, Ivan Solotaroff introduces us to men who carry out executions. Although the emphasis is on the personal lives of these men and of those they have to put to death, The Last Face You'll Ever See also addresses some of the deeper issues of the death penalty and connects the veiled, elusive figure of the executioner to the vast majority of Americans who have claimed to support executions since 1977. Why do we do it? Or, more exactly, why do we want to? The Last Face You'll Ever See is not about the polarizing issues of the death penalty -- it is a firsthand report about the culture of executions: the executioners, the death-row inmates, and everyone involved in the act. An engrossing, unsettling, and provocative book, this work will forever affect anyone who reads it.
