"The sound of nineteenth-century women, once thought lost to us, is alive

because ordinary women like Emily Hawley Gillespie gave voice to their thoughts in diaries. This condensed version of the 2,500-page journals of Emily Gillespie, faithfully written from 1858 to 1888, is a detailed account of rural Iowa life. More than this, it contains the reflections of a woman who dreamed of being a painter and writer and instead became a wife and mother, a woman whose radical convictions were recorded in her diary, while publicly she conformed to the prescribed life of a Victorian pioneer woman. Through Emily's journals, readers are offered immediate and unmodified contact with settlers in Iowa one hundred years ago. A wealth of facts are included--what produce she harvested and preserved from her garden, how her husband tended his fields and what he

raised, the challenges and rewards of family life. Judy Lensink's skillful analysis shows the larger patterns in Emily Gillespie's life and provides keys that unlock the diary's secrets. Emily's life is revealed as a youth full of promise fading into middle and declining years of lost dreams and eventual tragedy, which caused her to write, "I have written many things in my journal, but the worst is a secret to be buried when I shall cease to be"--Back cover.

The story of Sequoyah is the tale of an ordinary man with an extraordinary idea—to create a writing system for the Cherokee Indians and turn his people into a nation of readers and writers. The task he set for himself was daunting. Sequoyah knew no

English and had no idea how to capture speech on paper. But slowly and painstakingly, ignoring the hoots and jibes of his neighbors and friends, he worked out a system that surprised the Cherokee Nation—and the world of the 1820s—with its beauty and simplicity. James Rumford's Sequoyah is a poem to celebrate literacy, a song of a people's struggle to stand tall and proud.

From a rediscovered collection of autobiographical accounts written by hundreds of Kansas pioneer women in the early twentieth century, Joanna Stratton has created a collection hailed by Newsweek as

“ uncommonly interesting ”
and “ a remarkable distillation
of primary sources. ” Never
before has there been such a
detailed record of women's

courage, such a living portrait of the women who civilized the American frontier. Here are their stories: wilderness mothers, schoolmarms, Indian squaws, immigrants, homesteaders, and circuit riders. Their personal recollections of prairie fires, locust plagues, cowboy shootouts, Indian raids, and blizzards on the plains vividly reveal the drama, danger and excitement of the pioneer experience. These were women of relentless determination, whose tenacity helped them to conquer loneliness and privation. Their work was the work of survival, it demanded as much from them as from their men—and at last that partnership has been recognized. “ These voices are haunting ” (The New York Times Book Review), and they reveal the special heroism and industriousness of pioneer women as never before.

The American Heritage Dictionary of the English Language Penguin Fame was just around the corner when Sinclair Lewis published *Free Air* in 1919, a year before *Main Street*. The latter novel zeroed in on the town of Gopher Prairie; the former stopped there briefly and then took the reader by automobile in search of America. *Free Air* heads toward a West that was brimming with possibilities for suddenly mobile Americans at the end of a world war. The vehicle in Lewis' s novel, not a Model T but a Gomez-Dep roadster, takes Claire Boltwood and her father from Minnesota to Seattle,

exposing them all to the perils of early motoring. On the road, the upper-crust Boltwoods are at once more insignificant and more noble. The greatest distance to be overcome is the social one between Claire and a young mechanic named Milt, who, with a cat as his traveling companion, follows close behind. If *Free Air* anticipates many of the themes of Lewis' s later novels, it also looks forward to a genre that includes John Steinbeck' s *Travels with Charley* and Josh Greenfeld and Paul Mazursky' s *Harry and Tonto*. And the character of Claire, blazing her own trail across the West, looks back to the nineteenth-century pioneer woman and ahead to the independent-minded movie heroines played by Katherine Hepburn. In his introduction Robert E. Fleming discusses the place of this early novel in Lewis' s canon.
