1980 to 1989 | History of Pioneer

Corporation | History ...

The SX-580 is not a "bottom of the line"

Pioneer receiver. The SX series was a

quality line of receivers using quality

parts. The Pioneer SX-580 supplied the

speakers with 20 watts per channel. The

reviewer states "only" 20 wpc. If used in

a bedroom smaller living room those 20

wpc from that Pioneer will blow you

away.
